Meyer Cites Progress in District Report

Antioch News to Have New Owner

Joe Rush, publisher and editor of the ANTIOCH NEWS, announced today that the newspaper has been purchased by Jerry Pfarr of DePere, Wisconsin. Pfarr is presently public relations director for St. Norbert College in DePere.

He will assume control of the ANTIOCH NEWS on May 1; though he will move to Antioch several weeks earlier to begin working with the paper and orienting himself to the local community.

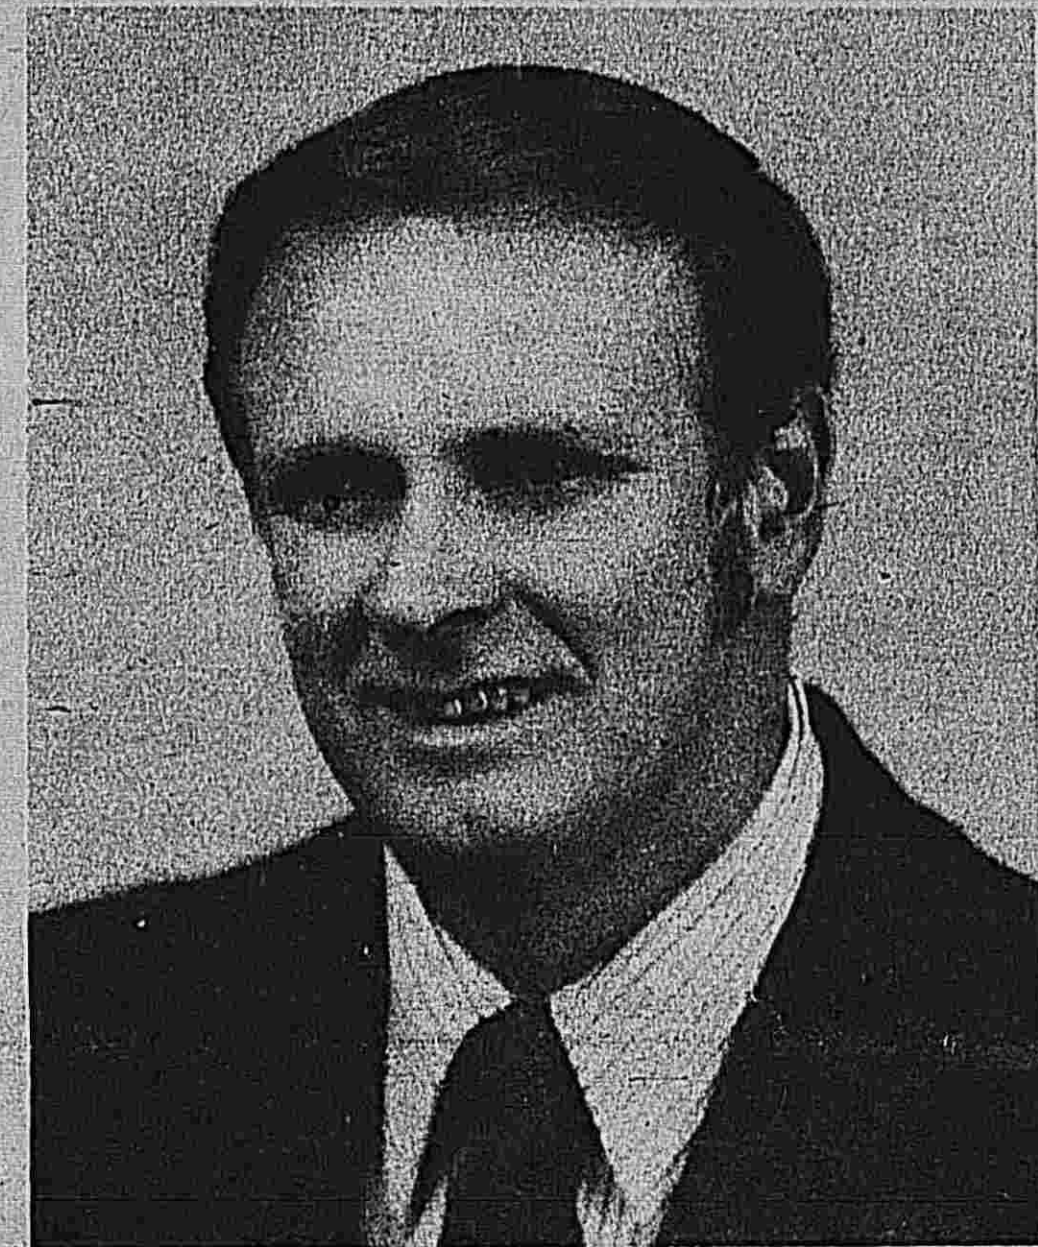

Mr. Rush said he was very pleased to turn the ANTIOCH NEWS over to such a well qualified person as Mr. Pfarr. Due to the heavy increase in business his portrait studio has experienced during this past year, he felt that it was time to let someone else have the NEWS so he could devote full time to his portrait and commercial photography studio located at 141 Cheri Lane in Antioch.

Pfarr is a native of Kenosha, Wis., and a graduate of the Marquette University College of Journalism in Milwaukee.

He has 20 years of experience in the newspaper and public relations fields.

He has worked as sports editor of the Kenosha News; associate editor of Golf Digest magazine in Norwalk, Conn.; suburban editor of the Milwaukee Sentinel, and editor of the Green Bay, Wis., Daily News.

In 1969 his column, "The Pfarr Corner," won the Wisconsin Press Association's best column award.

Jerry Pfarr

sin Press Association's best column award.

He also has written three books on the sport of golf, including one in collaboration with professional great Sam Snead.

Pfarr plays golf in the 70s. He has won some local tournaments in the Kenosha area and has participated in Wisconsin

State Amateur and Open championships.

At Kenosha High School he was the Wisconsin state high jump champion in track and field and later was Marquette University's star high jumper for four years.

In 1963 the Kenosha Jaycees selected him as one of the city's "outstanding young men."

Superintendent Henry Meyer of the Antioch Grade School District found much to be satisfied with when he reported recently to the Board of Education on the state of the District.

Despite the financial picture which he described as "dismal," Meyer said that: the over-all transportation situation has "greatly improved," custodial and secretarial services "continue to be at a very high level," the present faculty is "strong," in spite of the need for more building space and facilities, present buildings have been maintained "in excellent condition," and in the instructional program there have been changes, "hopefully toward improvement," with "some disappointments."

The development during the past year of a District #34 educational philosophy and a Program Plan, Meyer said, was a "very important and potentially far-reaching accomplishment." Every element in the educational philosophy, he added, had the endorsement of at least 75 percent of the teaching staff.

"Our administration now has enough unity for development, growth, and direction, and still enough differences to allow for healthy airing of issues, ideas, and procedures," Meyer told the Board. "As a result, our faculty, as a whole, is also taking unified directional positions," he said.

The Superintendent spent considerable time analyzing each area of the instructional

program. Highlights of this review include:

READING. Although the program currently in use is "too young to have any reliable statistics," almost all the teachers involved feel that it is an improvement. Many teachers are now grouping students by reading level to allow individuals to progress at a comfortable rate.

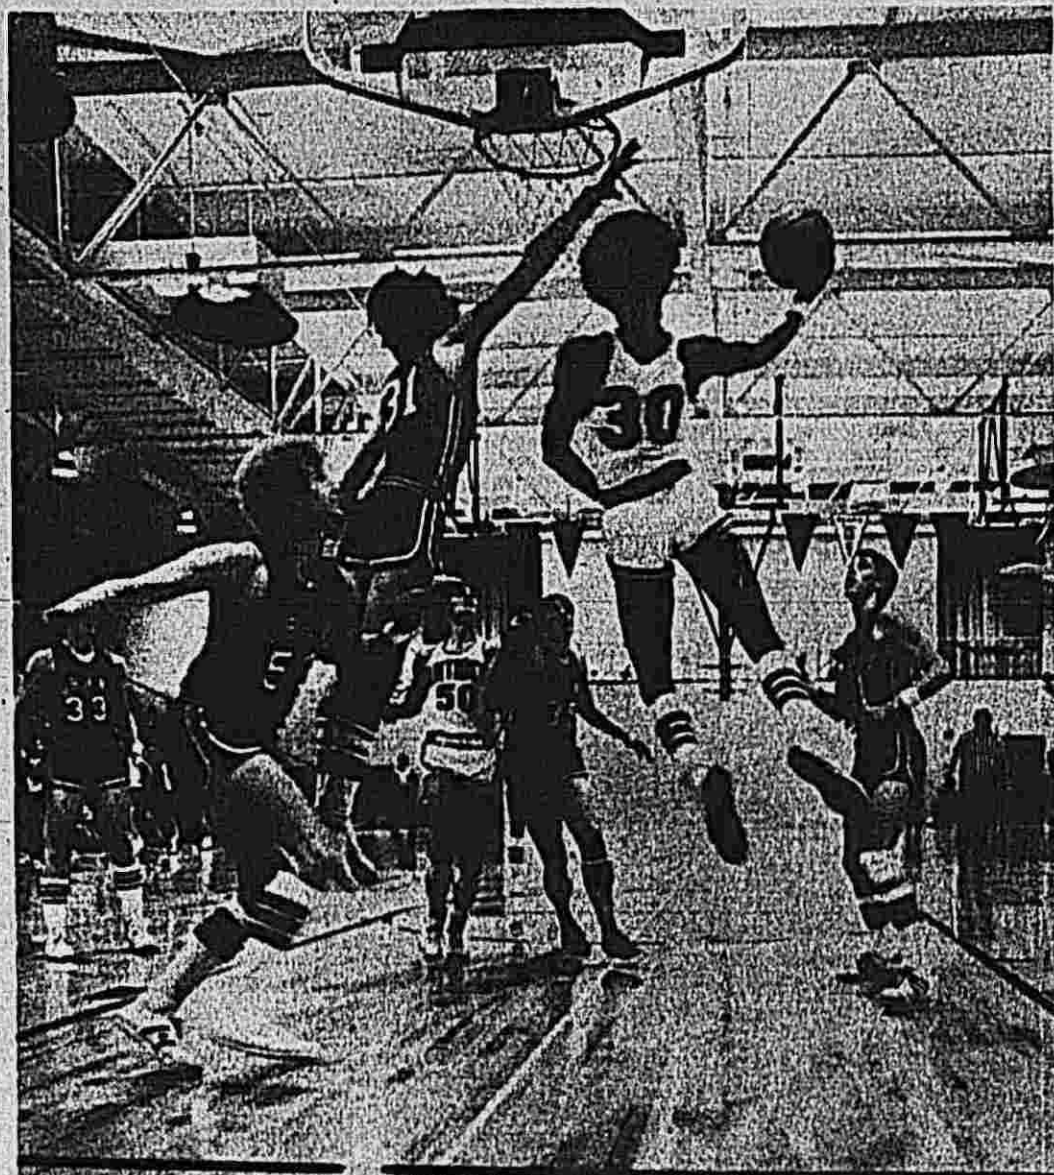

SOCIAL STUDIES. The present program was adopted three years ago and deals with major problems, ideas and concerns of all societies, attempting to zero them in on our own society. While test scores on this program are holding up, a decision will have to be made in the next few years whether to acquire replacement materials for this program or to adopt a new one.

MATH. The individualized program at the Upper Grade Center, while relatively new, seems to be a good one. Test scores over the past four years, at all grade levels, indicate a weakness in computational skills, which may be corrected through the new programs. The Spectrum Series, being piloted in some of the lower grades, is being received with much enthusiasm by teachers and children.

SPELLING. The pilot program approved last fall "seems to be going exceptionally well."

LANGUAGE ARTS. Few changes have been made in this area in recent years, because of the efforts being made in so

WHOOPEE A SHOPPING SPREE. To be sponsored by the Antioch Jaycees in cooperation with the Jewel Foods store of Antioch. The shopping spree drawing will take place on April 6th and proceeds from the ticket sales will benefit the new Antioch Park Equipment Fund. Shown at left, Don Soderdahl, project chairman, selling the first set of tickets for the drawing to Antioch Mayor Robert Wilton (center), willing approval to this transaction given by Mr. William Able (right) the Jewel Foods store manager.

The Antioch Jaycees have undertaken to assist the Park Committee in furnishing equipment for the new park area scheduled to be started this spring.

The Jewel Foods store will allow winning First Prize Shopper four minutes in which to grab items totaling a maximum of \$300.00. Second place winner will shop for a fast two minutes to a maximum of \$125.00. Tickets for the shopping spree drawing are now on sale with entry rules and are available at the State Bank, The Shoe Box, Stanley's Men's Fashions, the Fur, Feather & Fin and the Jewel Food store.

RTA Act Grants Powers to Operate Mass Transit System

(Second of a Series)

The Regional Transportation Authority, if approved in a referendum March 19, would bring into being a huge, coordinated mass transportation system, serving the 7 million residents of Cook, Lake, McHenry, DuPage, Kane and Will Counties.

The Act authorizing this new unit of government goes into great detail enumerating the powers needed to operate such a system. Proponents of the measure, such as Rep. John Matejevich of North Chicago, say that it will bring the area "into the 20th Century." Opponents, like Rep. Adeline Geo-Karis of Zion, are fearful that it could create a local "Watergate" scandal, "by placing too much power in a small governing body insulated from the taxpayers."

What are some of the powers to be invested in the RTA?

First of all, the Authority is given the responsibility to "determine the level, nature and kind of public transportation which should be provided for the metropolitan region." (Sec. 2.01 (a))

Probably the most talked-about way that public transportation could be provided through the Act would be by purchasing such services from

the existing transportation agencies. Under such an arrangement, the existing agencies would provide the service, much as they do now, and the Authority would pay them for it out of its tax revenue.

Critics of the proposal have objected to the provision that "will allow the transportation agency to receive . . . net income . . . equal to an amount which is a reasonable return." (Sec. 2.02 (c)) This means, they point out, a profit. Supporters of the measure emphasize that the same paragraph continues that there is no implied guarantee that the transportation agency "shall in fact receive any return."

Through the provisions of the RTA Act, private commuter railroads may compel the Authority to enter into a purchase of service agreement. Such power is not given to bus companies, the opponents complain.

Rightly so, says Eleanor Wolf, chairman of the Greater Lake County Mass Transit District. This is because of the obvious distinctions between the nature and number of these two respective types of transportation agencies.

The Authority may also make outright grants to the transpor-

tation agencies, or may operate such facilities itself.

No matter which of the three methods are employed, the Authority is given power to "provide for the level and nature of fares . . . and the nature and standards" of service to be provided, including transfers, schedules, equipment and routes. The Authority may also construct or acquire any facilities for public transportation uses. In short, the RTA would have responsibility for the total public transportation system in the six-county area.

Another area which has aroused considerable controversy is the power of eminent domain - the right to condemn property - granted to the Authority. Critics of the proposal, including numerous park districts, are up in arms over the provision allowing the RTA to take public as well as private land. Giving one public body the right to condemn the property of another, they say, is a radical departure from traditional restrictions.

The Authority could condemn property used for public park purposes only if a written finding, agreed to by two-thirds of the directors, indicates that such an acquisition is necessary for the RTA and that no feasible alternative exists. A public hearing must also be held.

Safeguards such as this will protect the public interest while

giving the Authority the flexibility that it needs to operate, according to Mrs. Wolf.

Nevertheless, park districts throughout the six-county area are lining up against the measure, or at least this part of it. In response, Rep. Dan Pierce of Highland Park has announced his intention to introduce into the General Assembly in March an amendment to the bill completely removing the RTA's power to condemn park lands.

Rep. Don Deuster, an outspoken critic of this RTA legislation - though he himself sponsored a regional transit bill - has pointed out that although the Authority is given the right to condemn public and private property for its own use, it is limited in this regard with respect to property owned by

ATTENTION ELECTION JUDGES

Due to the recent weather conditions the County Clerk, Grace Mary Stern has decided to hold an additional Judges of Election School. It will be held Tuesday, March 5, 1974 at 7:30 p.m. at the Waukegan Township High School, West Campus Little Theater, 2325 Brookside, Waukegan, Illinois.

This will definitely be the last school prior to the March 19, 1974 Election.

Berning explains opposition to RTA

State Senator Karl Berning (Rep. 32nd) will present "A Legislator's View of R.T.A." at the March 2 meeting of the American Party Club of Lake County. This public meeting will be held at 8:00 p.m. Saturday in the Jones Island Park Building, 243 Harvey Avenue, Grayslake.

Senator Berning will explain why he joins the majority of Lake County legislators in opposing the passage of the referendum on the Regional Transportation Authority. The referendum will be voted on in the March 19 Primary Election. No party affiliation need be declared since the proposal will be contained on a separate Blue Ballot. All voters are urged by the American Party to express themselves on this proposal, which will have far-reaching effects on their lives and pocketbooks. Mr. Thomas Spacek of Lake Villa, President of the American Party Club of Lake County, invites all interested voters to attend the meeting on March 2 to learn why almost all legislators in the five outlying counties covered by the proposal are opposing this proposition.

the railroads. Deuster says that "from a fair play point of view," the same benefits granted to the railroads should be extended to private citizens and the public at large.

NEXT WEEK: ORGANIZING THE RTA.

RTA Citizens Committee opens Waukegan office

The RTA Citizens Committee for Better Transportation opened a campaign office in Waukegan on Thursday, February 21, at 223 Washington. It will be the center for all RTA volunteer activities in this area.

Senator John H. Conolly, Eleanor Wolf, Jr., Chairman of the Greater Lake County Transit District, and other civil leaders were on hand at the opening of the Waukegan office to greet volunteers.

Regular office hours Monday

through Thursday are from 9 a.m. until 5 p.m., Friday from 9 a.m. until 7 and on Saturday from 9 a.m. until 12.

Local volunteers working in the Waukegan RTA office will be available to get answers to all questions about the RTA. They will also be working in their own community, talking to their neighbors, and telling the facts about the RTA and discussing why they think it is so important to this area.

We Don't Like This RTA

Part 2

We have commented already (February 13) on some of the major flaws with the manner in which the Regional Transportation Authority Act was drafted and the organization it would set up. Here are a few more details from the legislation which compel us to recommend its defeat in the March 19 referendum.

The RTA services would be funded in part with a new tax to be imposed "upon the privilege of parking motor vehicles at parking facilities in the metropolitan region." (Sec. 4.03(d)) Except for allowing penalties and a vague method of collecting the tax, this is all the Act specifies about this new tax. How much of a tax will be imposed? What is, and what is not, a "parking facility?" When is parking to be considered a "privilege?" These matters are left up to the discretion of the non-elected Board to determine. So are too many other poorly defined sections of the Act. This is too open-ended for us!

Also, a portion of the sales tax collected in the six-county area -- usually placed in the General Fund -- will be diverted for use of the RTA. Sen. Karl Berning has raised a good point that once this concept of diverting funds from general revenue to specific purposes in specific areas is established, "There is no way it could be refused to any other area." Such a policy significantly lessens the possibility that the sales tax would ever be removed from food or health care items.

Just the fact that this non-elected Board of political appointees (Let's face it; that is what they would be.) is given the power to levy taxes is a radical departure from common practice. As it stands, the RTA Act gives taxpayers no recourse from the wishes of these nine men. Many of the opponents of this RTA have rightly referred to this as the prime example of "taxation without representation."

Another interesting power given to the Board is the right to issue up to half a billion dollars in general obligation bonds, without any public hearings or competitive bidding. In this age of political scandal, it seems unwise and unfair to tempt the integrity of these nine mortal men so severely.

A most important aspect of RTA fundings is that the law contains no adequate guarantee that any of the money collected in the five outlying counties will be spent for transportation services in, or directly benefitting, those counties. We in Antioch will be giving up about \$30,000 a year in sales tax revenue alone, besides a 5 percent tax on gasoline and the vaguely-defined parking tax. Frankly, what benefits will we get in return?

We will be commenting on this particular issue in greater detail next week. There are so many things wrong with this piece of legislation, that we are sometimes tempted to go on forever reciting its flaws.

McClory Proposes

Televised Congress

The Congress is giving serious consideration to some form of television coverage of actual sessions of the U.S. House and Senate. Since 85 percent of all American receive their news from television, the Committee hearings which are taking place on Capitol Hill are of special significance. The hearings themselves are designed to ascertain in what ways the Congress may communicate more effectively with the voters through the media.

While the President or foreign dignitaries appearing before joint sessions of Congress frequently are treated to live

television coverage -- the great Congressional debates receive no TV or radio coverage whatever.

It is important historically as well as for the current "need to know" that visual and voice records of Congressional wrappings be preserved. At a time when there was a television set in virtually every American home, the late eloquent Senator Everett M. Dirksen of Illinois delivered many impassioned and reasoned speeches on various legislative issues. However, his words on the Senate floor were never recorded. We are limited to records on tapes in which he recited such things as Lincoln's Gettysburg Address.

This loss must not be allowed to repeat itself.

Faced now with a resurgence of interest in the role of Congress and challenged by a great need for Congress to communicate on equal terms with the Executive Branch of Government, the Joint Committee on Congressional Operations, is fully exploring all possibilities for live coverage of Congressional sessions.

The interest in this subject is heightened by the issue of possible impeachment which may reach the House floor. If this should occur, there will be an obvious desire on the part of the public to watch the debates in their entirety.

While proceedings of the House would be relatively

uninteresting and attract few viewers, legislation relating to the energy crisis, campaign financing, school busing, and "right of life" are issues of deep and serious concern to most Americans. Televising these debates would result in a more informed citizenry and a broader base of support for the law-making process of our Nation.

In supporting somewhat limited coverage by television of Congress, it is felt that the Speaker and Republican Leader of the House should agree on which issues, debates and events should be televised. Also, we should prevent lawmakers from playing to the television cameras and engaging in demagoguery.

The issue of impeachment is unrelated to the larger issue of letting the people know about Congress -- its Congress. But impeachment may prove the fulcrum upon which balances an objective sought for many years -- the right of the American public to view in their homes the actual historic sessions of the United States House and Senate.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

Ask the Governor

Q. I am interested in becoming an Illinois State Policeman when I am discharged from the service in five months. How does one apply to the Illinois State Police Academy?...SP/4 Tim Stauffer, APO N.Y.

A. The State Police Merit Board, a 3-member board established in 1949, is authorized to screen applicants for the Illinois State Police.

Applicants must be at least 21 years of age with a high school degree or its equivalent, or 20 years of age with 2 years of law enforcement studies at an accredited college, and not older than 34.

He or she must be a U. S. citizen; must not have committed a felon and must meet the merit board's health requirements. A one year residency requirement and height and weight requirement have been dropped.

Cadets reside at the academy in Springfield for 20 weeks to conclude 900 hours of intensive training in the areas of police ethics, human relations, emergency aid, traffic administration, accident investigation, criminal law, civil disturbance and weapons skill and care. This is the only state in which cadets are trained in closed heart massage.

The state police is limited by statute to 1600 members plus

the tollroad authority--another 150 troopers. The size of the classes which are usually held twice a year depend on the number of vacant trooper positions throughout the state. The current class has 31 members.

In Spring of 1973, a 32,700 square foot addition was completed, doubling the physical plant of the academy. This made it possible to offer one-week refresher courses, specialized training such as radio operations and radiological monitoring to other police agencies and to the Department of Conservation law enforcement operations.

The training offered today is a far cry from that offered highway patrol officers in the 1920s. In a 3-day session, they were instructed in Motor Vehicle Law.

Applications for the academy may be sent to the State Police Merit Board, Suite 1016 Ridgely Bldg., Springfield, Ill., 62701.

Gov. Dan Walker invites you to question him about state government and what state

government should be doing for people. All questions will be answered by Gov. Walker and some of the questions and answers will appear, probably condensed, in this column. Letters must be signed and an address provided. Upon request, your name will be withheld. Send to: ASK THE GOVERNOR, Illinois Information Service, 201 W. Monroe St., Springfield, Illinois 62706.

Seventh Grade Poets Write of Freedom, Friends and Flowers named Fred

The appreciation of poetic expression is one of the goals of the Language Arts program in the Antioch Grade Schools.

One of the teaching methods utilized in the 7th grade is to have the students write their own poems. Perhaps this direct involvement increases the individual's perception of the poet's task.

In many cases the writing of

original poetry reveals a level of sensitivity and encourages a means of expression that might otherwise lie unknown and undiscovered within the young person.

Language Arts teacher Gail Guthrie selected these seven poems as being some of the best from among those of some 150 students.

Freedom

Freedom, Freedom, is in the air,
Freedom, Freedom is everywhere.
It fills the world with peaceful joy
As it works as a toy.

Freedom, Freedom is full of love.
Freedom, Freedom is a dove
Freedom, Freedom, is so bright,
It turns in my head a peaceful light.

So when you go out tonight,
Remember freedom everywhere,
Don't forget it, don't you dare -
Freedom, Freedom, is in the air!

Terry Faland

The end of natures wild

At the edge of a mountain
Stands an acre of oaks
The land there stands untouched

The deer upon the open range
The beauty of the wild
There laughter would echo through the trees
Rivers ran and clouds smiled

Until a while back
An intruder walked upon this land
Then destroyed the loving freedom
The life of natures wild

They chased the deer up on top
The slopes of which life
Could not be sustained
They built up crowds and cities
They cleared the open range

On upon a reason
of which the purpose
No one knows why
There tears will fall forever.
And all that was left was the setting sun!

Bryan Lewkowicz
Jim Oilschlager

I saw a fountain

I saw a fountain on the steps.
"White only" it read.
So I looked at it and bowed down my head.
So I puckered my lip,
and took a sip.
Then I walked away without despair.
The policemen didn't even care
I am black - not a nigger
I'm not white, but I feel bigger.

Holly Enzenbacher

Life

Life is like a
merry-go-round.
It has it's ups
and then it's downs.
Starts out slow and
then gets faster.
During all that
time there's music.
Sometimes good and
other times bad.
Sometimes you see and
go through things twice.
That surely is what
life is like.
Then soon it slows
down, slower, slower.
...and then all
of a sudden it's
The End.

Kathy Walsh

Helter-Skelter

Helter skelter in the home
Eggs are burning on the stove
Bathrooms full of shaving foam
Mama's on the telephone.

Now the time is 8 o'clock
Then we hear a pounding knock
It's our favorite milkman
With his heavy, heavy cans.

Well the door does close
And 2 minutes later
I can hear my alligator.

Here he comes around the bend,
The telephone goes off again.
EEK! my mother screamed so loud
I swear they heard her way downtown.

Well that's all
This poem is done.
And helter-skelter isn't fun!!

Bill Atwood

Friendship

I like friendship; its someone
To be with.
Someone to have a coke with
At your favorite store.
Friendship is having a person
Come home on the bus with you.
Friendship is listening to
Records together.
Friendship is always sharing.
Friendship is getting into
Fights every once and awhile.
Friendship is sitting in class
Together.
Friendship is exchanging presents
At Christmas time and wishing
Each other a happy birthday.
Friendship makes everyone
Happy.

Lynette Schroeder

Fred

There was a flower
His name was Fred
He lived within
A Flower Bed

He grew to be
A pink pansie
And stood there tall
For you to see

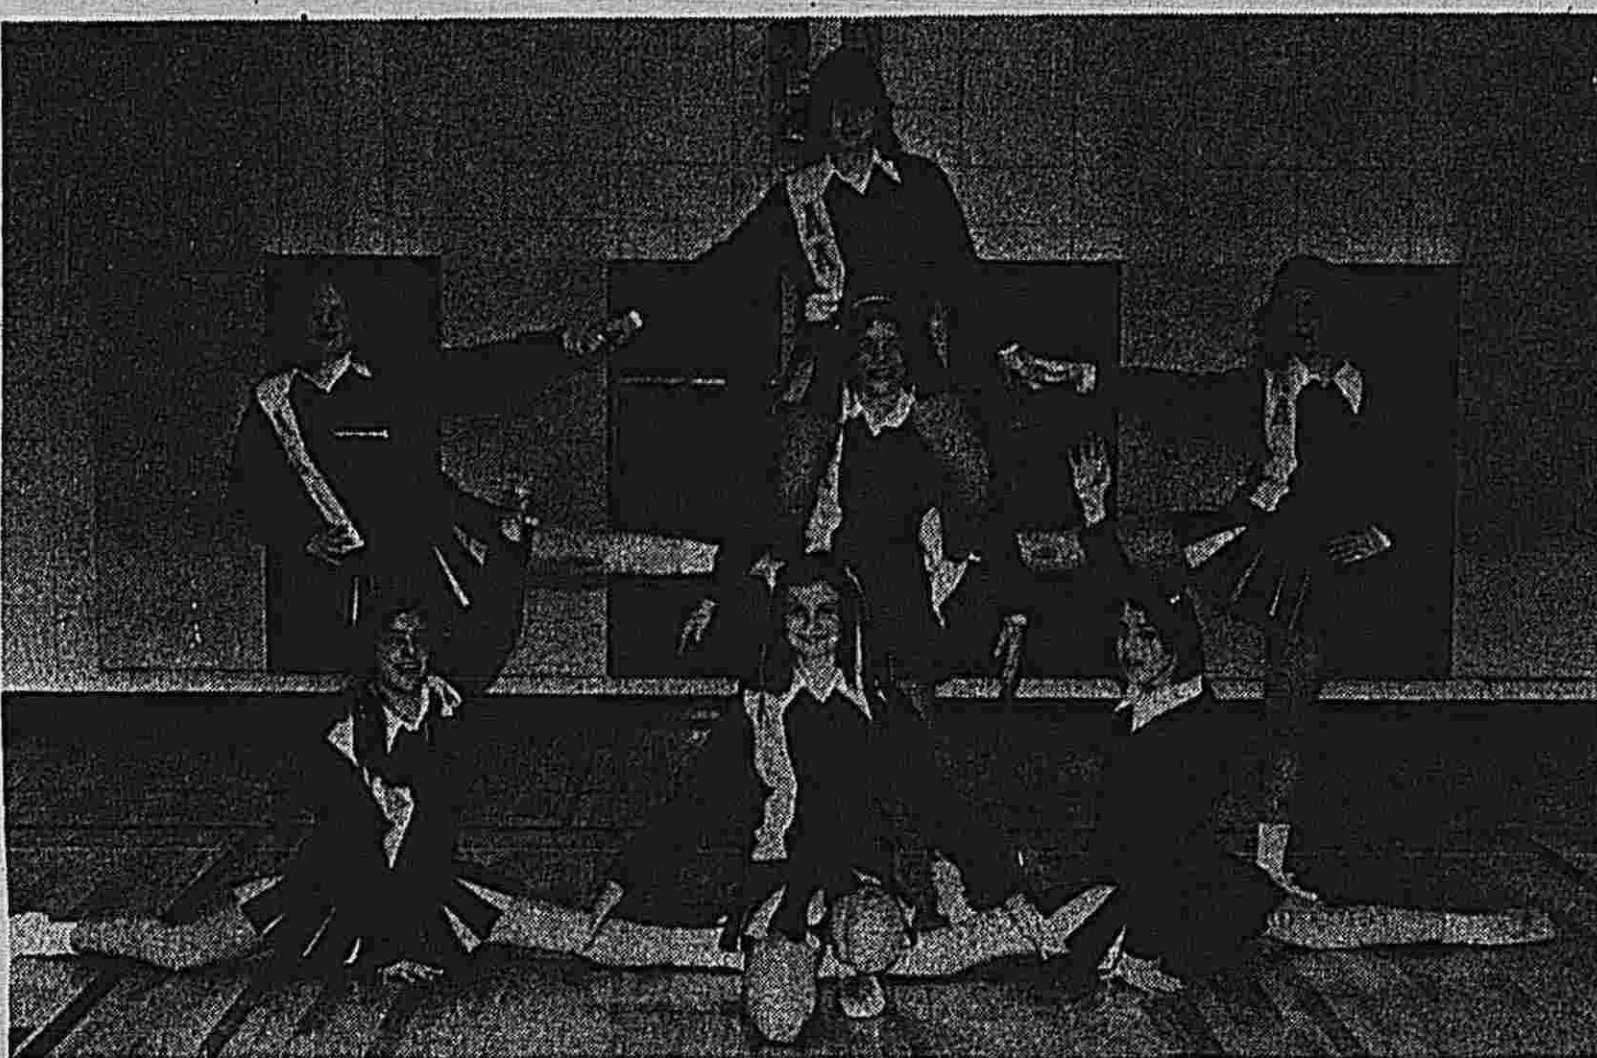

But Then the rain
Refused to fall
And our poor Fred
Was not so tall.

One dry day
Fred withered and died
My oh my
How the flowers cried.

Antioch Upper Grade Cheerleaders

Familiar words heard from the Antioch Upper Grade School have been "Come On Apache's Let's Go!"

Due to the unavailability of a school sponsored program the boys and their parents organized 2 basketball teams under the parents sponsorship.

Hearing this the girls were determined to have cheerleaders to help back their boys. Two to three weeks prior to the season a cheerleading practice was held at school with seventy girls participating. These girls had final tryouts at Oakland school before a panel of five excellent judges, chosen from outside the Antioch area. Their talents ranged from physical

ed. instructors, cheerleading sponsors and one college cheerleader.

By process of elimination there were seven happy and fortunate girls chosen for each the 7th and 8th grade squads.

Under the sponsorship of Mrs. Jane Larson and the aide of Miss Dorothy Nevitt and the girls parents, they have been able to practice each Monday after school and have attended all the basketball games.

A rewarding experience for the girls was the attending of a cheerleading clinic held at Lake Forest College on Jan. 26 at which time they met girls from other states some of whom were champions.

Workshop to explain federal job safety and health regulations

The Antioch Chamber of Commerce and Industry will sponsor a National Safety Council Seminar on Orientation to the Occupational Safety and Health Act. The day-long program will be held Tuesday, March 19, at the Arbor Resort.

The cost of the seminar is free; however, a lunch will be provided for \$3.50. Reservations must be made with Chris Pionke at the Chamber office (395-3381, before Noon) by March 11.

"Many operators of small and medium-sized businesses may be in serious violation of law, without even realizing that such laws exist," a Safety Council brochure declares.

The law referred to is the Occupational Safety and Health Act (OSHA) of 1970. Under this law, employers must assure safe and healthful working conditions for their employees.

Violations may result in fines or imprisonment.

The U.S. Department of Labor has reported that only 31 percent of more than 30,000 establishments checked in the 12 months ending June 1973 "were found to be in compliance with job safety and health standards," according to the brochure.

The seminar will answer such questions as: What standards apply to me, or to my employer? What does the OSHA inspection consist of? What is a citation? And how serious? What records are required?

Time to remember with portraits

Lake County amateur artists look to Town and Country Art Show

Amateur artists of Lake County are eagerly looking forward to the 1974 Town and Country Art Show to be held March 27 and 28 on the Lake County Fair Grounds. Since all entries must have been made since March of 1973, the time of the previous show, visitors to the exhibit will have an opportunity to see entirely new work by the artists, according to Extension Advisers, Ray T. Nicholas and Irene Green.

Artists may submit up to three entries in the show, including original paintings,

photographs, and other art items made since the previous show.

Paintings may be in oil, water colors, pencil, charcoal, pastels, ink or any media on paper, canvas, or flat surface. Ceramic pieces, metal enameling, wood carving, weaving, and other handicraft items can be entered. Photographs may also be entered.

A complete list of rules can be obtained by writing the Lake County Cooperative Extension Service, P.O. Box 267, Grayslake, Illinois 60030.

Meyer cites progress in district report

Continued from Page 1

many other areas.

MUSIC AND ART. Presently, these programs are "only what the teachers and individual buildings make them." If funding remains unavailable, the district should offer some sort of manual to guide the individual teachers.

PHYSICAL EDUCATION. A definitely defined program has been established, although some leeway remains for the teacher. Further coordination would be desirable.

SCIENCE. The program now implemented at the Upper Grade School, emphasizing the processes of science, "is giving every indication of success with most pupils." The failure to find funds and assistance to develop the Upper Grade site into a nature and environmental center has been "disappointing." Several E.S.S. science units have been tried, with good results, in the lower grades. Mr. Ware has set up a college credit course on the program, in which 16 teachers from the district, along with seven others from neighboring districts, are participating.

HEALTH. Though the program has suffered from lack of funds, under Mrs. Horton's direction it has "always been excellent."

LIBRARIES. Under the direction of the Upper Grade librarian, parent volunteers were trained, and now most of the library books in the district are catalogued, cross-indexed, and centrally stored in each building.

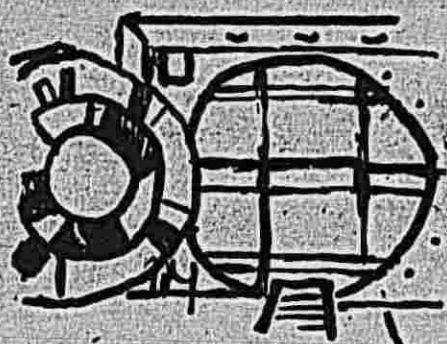

Commenting on the teaching staff in the district, Meyer said, "It seems to me that we are seeing a higher percentage of teachers who are really dedicated to the process of teaching than we have seen in many years."

Finances continue to look bleak to the Superintendent. "It is very doubtful, in my mind," he told the Board, "that revenue over the next three or four years will meet the inflationary and program demands of the district, as things stand now." He pinned any hopes for improvement on either a rate increase or a new state aid formula.

The Time Machine

70 YEARS AGO FEBRUARY 25, 1904

Mrs. Charles Yawker and family of Wilmet moved into the J.W. French house on Main Street.

Deputy County Treasurer Fred Ames and wife spent the fore part of the week with their parents Dr. and Mrs. E.H. Ames.

50 YEARS AGO FEBRUARY 28, 1924

Saturday night some 26 friends surprised "Grandma" Pape on her 78th birthday.

The grade school dismissed classes on Washington's Birthday. The afternoon was spent by a majority of the kids in "flippin' bobs."

20 YEARS AGO FEBRUARY 25, 1954

Bernard Guillaume, worshipful master of Sequoit Masonic Lodge, said that the visit of Grand Master Carroll T. Hughes to Antioch will be the first such visit by a grand master in the 60 years existence of the local lodge.

Mr. and Mrs. Irv Carey were badly hurt in an auto accident near Marshall, Illinois, on their way to a two-week vacation in Florida.

10 YEARS AGO FEBRUARY 27, 1964

Mrs. Carl Hattendorf, Antioch, received an award and citation for a suggestion she made at Ft. Sheridan.

Earl Stringer has taken over the car agency for which he has worked for 17 years.

Effective Feb. 25 55 MPH

The Chicago Motor Club-AAA reminds Illinois motorists that the maximum speed limit throughout the state will be 55 miles per hour, effective at 12:01 a.m., Monday, Feb. 25.

The new maximum speed limit law, designed to conserve fuel, was passed to comply with a bill signed by President Nixon requiring a uniform national speed limit of 55 mph. States have until March 3 to comply or face a loss of Federal highway fund money.

Besides reducing the maximum speed limit to 55 mph on Illinois highways, the new measure contains the following provisions:

-Maintains the existing 50 mph maximum speed limit for trucks over 8,000 pounds gross weight on all Illinois roads other than Interstate Highways;

-calls for moving violation penalties and fines for exceeding 55 mph;

-the bill "self-destructs" as soon as the Federal government declares the energy crisis officially over, at which time Illinois speed limit would immediately return to their previous levels.

PRESENTATION OF PACK 192 CHARTER. (l to r) Ted Simmons, district Scout executive, Brad Ipsen, Institutional Representative from State Bank, Richard Dauck, Cubmaster of Pack No. 192.

Blue and Gold Dinner held for Cub Pack No. 192

Cub Scouts and their families of Antioch Pack No. 192 enjoyed a Sunday afternoon, February 17th, at Oakland Grade School for their Annual Blue and Gold Dinner.

Mr. Ted Simmons, district Scout executive, spoke to the group on the positive aspects of Scouting and the advantages gained when parents are enthusiastic and involved in Scout activities.

Awards were presented to

Webelos, Den Chiefs and Cub Scouts. Mr. Simmons then presented the 1974-75 Charter to Mr. Brad Ipsen, Institutional Representative from the State Bank of Antioch.

The State Bank, sponsor of the Pack for more than ten years, donated the meat for the dinner, took pictures of individual dens, and presented each Cub Scout and Den Chief with a base containing flags of the United States and Cub pack No. 192.

Randy Marcussen wins Snowmobile

Following are the drawing winners of the 1974 Combined Ice Fishing and Winter Festival held by the 885 Civic Club and the Northern Illinois Conservation Club last weekend on Lake Catherine:

Bicycle, Ticket No. 2411, Chester Mihalo, Round Lake, Ill.; Seventh Place: Snowmobile Suits, Ticket No. 3635,

Robert Allen, Russell, Ill.; Eighth Place: Charmglow, Ticket No. 1860, Andrew Andereson, Antioch.

High School Board Meeting

The regular high school board meeting will be held on Thursday, February 28th, at 7:30 p.m. in the general office.

JLO canceled

Due to circumstances beyond our control the JLO event on March 2, 1974 at the Lake County Fairgrounds will be canceled.

Bill Brook new President of Rotary Club

The Antioch Rotary Club met on Thursday, February 28, 1974 at the Brave Bull restaurant just north of Antioch to elect new officers for the coming year. The names of Bill Brook for president; James Hamline for Vice President; Stephen Williams for Secretary; Tony Starcevic for treasurer and Mike Warren, Lester Shaffer and Home White for directors were submitted to the membership by the nominating committee. The slate was unanimously approved by the members present.

In accepting the presidency, Mr. Brook stated that he would like to carry on the well developed programs of Mike Warren and would like to see the club grow considerably. He plans close cooperation with other area service clubs and commented on the very active Interact Club.

The Rotary club is planning a Spring Country BBQ and Dance on May 4 in the St. Peter's hall. Wilder Faye is going to serve his Farmers BBQ dinner. He is well known in farming organizations for his exceptionally tasty BBQ.

CONGRATUALIONS! To all our champions at the high school this year. The Sophomore wrestlers took the N.W.S.C. title for the 4th consecutive year and both the Sophomore and Varsity basketball teams took first in their conference. A big hand to all the coaches too. Without all their help and encouragement, these kids couldn't have done so well.

Bob and Jane Kocmoud and Bobby were in town over the weekend visiting with the Ken Smouses. Bob is a former PM & L member and came down to see Lady Audley's Secret. This was the last performance of this fine play and afterwards members of the cast and friends were entertained by Debbie and George Blanksten at a closing night party. Director Ken is

already hard at work on another play - "Hello Dolly", the High School Drama Club's spring performance.

A fond farewell to Arlene and Ed Olszewski who have moved to Largo Florida this past week. We hope you'll enjoy living in the land of sunshine.

The Surrock Fire Fund is still open at both the State Bank and First National Bank. These people lost their home a few weeks ago when it was destroyed by fire while they were away attending a family funeral.

Glad to hear Bernie Osmond is home and recovering nicely after a stay in Victory Memorial Hospital.

Our old friend, Father Savage, has a new address. He is now living in the St. Monica's home for Senior Citizens, No. Green Bay Road, Racine, Wisconsin 53401. Perhaps some of you would like to send him a note now and then.

Our condolences to Stan Totten of Stanleys in the Orchard Plaza on the death of his father.

A very special happy birthday to Kevin Walpole who celebrated his birthday on February 26 from Wiffy. Congrats are also in order this week for little Jeff Henning who celebrates No. 1 on the 27th and to Steve Haley, Ev Oftedahl and Mike Gutowski who celebrate March 1 and to Frank Benes, Sr., Ron Bratzke, Sandi Herbert and Roane Stowell who celebrate on the 5th of March.

The Fire Department held their annual Ladies Night last Saturday evening at The Dutchman's. Everyone enjoyed dinner and dancing and the

Navy Hours Established

Local Navy Recruiter "Doc" Blanchard of the Waukegan Recruiting Station stated recently that office hours have been established in the Village of Antioch. On Thursday after-

ladies were given silver fire hat charms.

Mr. and Mrs. Leo Buchta will celebrate 61 years of wedded bliss on February 27th. That's really something! Be sure to look for the poem sent to you by your daughter Barbara in this issue. Also celebrating that same day are Gigi and Jim Spittle who will have been married 4 years. Let's hope you can celebrate as many happy years as the Buchta's.

Don't forget Dollar Days start this Thursday.

See ya,
Annie Mae

noons each week from 1 p.m. until 2 p.m. he will be in the Village Hall Council Chamber Conference Room. This space has been made available to the Navy Recruiting Command by the Village Council members.

He says that now is the time for high school graduates and prospective 1974 graduates to make plans for their future. Many new programs have been made available to people enlisting in the Navy, including guaranteed schooling for qualified applicants and the delayed enlistment program. Under this program a person may enlist into the Navy up to six months before he or she actually departs for recruit training. He invites anyone interested in the "new" Navy to visit with him between 1 & 2 p.m. any Thursday afternoon or call Waukegan 336-8440 for an appointment.

David Wells, of north suburban Zion, and a victim of muscular dystrophy, is pictured with Bob Sirott, WLS disc jockey, and chairman of the campaign, March 15 and 16. David is just one of the over 500 children and adults in Chicagoland who are afflicted with dystrophy, a crippling disease of the muscles.

Shamrocks against Dystrophy Campaign still needs volunteers

Ninety-eight high schools, colleges, and organizations have already said they will participate in the Shamrocks Against Dystrophy tag days on March 15 and 16. But more volunteers are still needed, according to an announcement today by Bob Sirott, WLS disc jockey who is chairman of the special event.

"We are desperately trying to raise \$50,000 this year to help pay for the free services given to the hundreds of children and adult patients by the Muscular Dystrophy Association in Chicago," Sirott said. "My colleagues and I at WLS Music Radio are encouraging our listeners, and

anybody else, to jump into this fight by volunteering to be on the street those tag days, giving out Shamrocks in exchange for contributions to M.D.A.A.," he added.

Muscular Dystrophy Association of America sponsors a unique patient service program in Chicagoland. In addition to supplying wheelchairs and braces, M.D.A.A. sponsors a summer camp held each year in Lake Villa, Illinois. M.D.A.A. also maintains five muscle clinics in Chicago, including the one at Evanston Hospital.

Anyone interested in volunteering to help fight muscular dystrophy, can do so by calling the M.D.A.A. office at 427-0551.

Recreational Planning and Politics - Public Invited

The Antioch Welcome Wagon Newcomers Club will have a most important double-barreled general meeting Wednesday, March 6, at 8:00 p.m. at the State Bank of Antioch to which the public is invited. There will be two speakers, Eunice Mueller of the Park District and Stanley Beetham, U.S. Congressional Nominee for the 13th District in the March 19th primaries.

Mrs. Mueller will discuss Antioch's recreational needs --

what is being done, what should be planned and how it can be financed. Mr. Beetham, former Fulbright scholar, Woodrow Wilson Fellow and director of economic planning for three major corporations will discuss key issues and how he plans to meet them. Questions will be welcome. Because the Newcomers expect this to be a most stimulating, provocative and informative meeting the general public is urged to attend.

SO-CI'E-TY

n.: pl. TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another: companionship; fellowship; connection; participation.

Antioch Woman's Club

"Antioch is the ice box of Illinois"

"Antioch is the ice box of Illinois." That's what TV Channel 5 meteorologist Harry Volkman told members of the Antioch Woman's Club at their February 18th meeting. "I admire the women for sticking it out here," he said; but what about the men, someone asked?

In a most interesting talk about weather and other things, he said the country is currently in a cooling trend which started in the 60's and shows signs of slowing up in the 70's. In the previous twenty-five years there had been a warming trend.

He was born in Medford, Mass. and was educated at Tufts College there. He came to Chicago from Oklahoma where he worked in Tulsa and Oklahoma City, broadcasting tornado reports.

In 1963 the seeding of a hurricane caused extensive damage to South Carolina. In one area where man tried to control the weather, the ranchers order the seeding of clouds to cause rain just when the farmers were ready to harvest their wheat crop. The farmers blew up the rain-making equipment. Volkman says we should "leave the weather to God."

Weather-wise, he said San

Diego is the ideal place for retirement. "Weather affects everyone; a sunny day cheers people up, while long, dark gloomy spells depresses people," he added.

Vice-president Irene Hahn presided at this meeting due to Fern Watson's absence because of illness.

Gay Sven announced a dessert card party will be given by the AWC on April 22nd. There will be numerous door and table prizes and fun all for \$1.75. More details will be announced later.

The Literary Group will meet at the home of Mrs. William McCaw on February 28th.

The AWC annual tour will be held on May 1st and will take in the Pheasant Run Playhouse, with luncheon and a matinee attendance at the play Wake Up Darling, featuring Robert Reed, star of the TV show The Brady Bunch. Lucille Hojem has details and will make reservations.

The next AWC meeting will be held March 4th at the First National Bank's Community Room at 1 p.m. Jack Maynard of the Great Lakes Identified Flying Objects Association of Waukegan will show slides and describe local and international UFO sightings.

PTA presents Armed Services Program at March meeting

The Antioch Community High School PTA will provide an exceptional opportunity for parents of the high school district at its March meeting. The meeting will be held Wednesday, March 6th at 8:00 p.m. in the High School Commons. Lowell Lloyd, president of the P.T.A. will introduce recruiting representatives of the U.S. Army, who will present an exciting program on the volunteer armed services and the educational opportunities available for post high school boys and girls. Sergeant James from the Mundelein recruiting office and Chief Warrant Officer Plankus, Fort Carson, Colorado, will provide a film presentation which will be followed by a question and answer period. It's an opportunity to learn about one of your greatest tax investments. Be sure to mark this important date on your calendar.

16TH Annual Republican Club Dinner Party

The Antioch Township Republican Club will hold their 16th Annual Spring Dinner Party on Saturday, March 9, at 6:30 p.m. Special guest will be George M. Burditt, Republican Primary Candidate for the senatorial race. Special speaker will be State Representative, Wm. J. Murphy of our 32nd District.

For information call Ray Schrieber at 395-5461 or Randall Trunk 395-3048.

American Legion Auxiliary

"What the world needs now is a new look, a new perspective a new approach to the national security program" Mrs. George Fluger of Vernon Unit, 10th District national security chairman of the American Legion Auxiliary, informs Auxiliary members and the general public. "For the first time in many years, this nation is filling its military personnel requirements without the aid of a draft. The American Legion Auxiliary can help make national security work by supporting the efforts of the recruiting officer in your area to enlist men and women, especially in the nurses corps, for the all-volunteer services; invite recruiting officers to your home, church, youth group or club meeting; and stressing the educational field available in the service. We should continue promoting the R.O.T.C. program in colleges and universities by the presentation of medals bearing the seal of the American Legion Auxiliary, and keep sending in more contributions to RADIO FREE EUROPE".

Mrs. Fluger goes on to say: "With the return of 600 of our prisoners of war (POW), it appears that many of our countrymen seem to have forgotten that nearly two-thirds of our men who were missing and imprisoned in southeast Asia did not come home. More than 1,300 men are still missing, and we must do all in our power to keep public attention focused on this problem. Keep in touch with your Congressmen with individual letters and phone calls, and continue your contribution to the National League of Families - POW-MIA, 1608 K Street, N.W., Washington, D.C. 20006. Last but not far from least, buy more U.S. Savings Bonds, and use savings bonds for special awards. The American Legion, through its national security commission, has for many years endorsed and supported the U.S. Savings Bonds program".

At the recent 10th District Auxiliary meeting, Mrs. Hubert Severs of the Lake Regions' Unit of Fox Lake; and Mrs. Ken Magnusson of Lake Zurich were the last two members of the district nominating committee to be elected from the floor. This meeting was held in the Homer Dahlinger American Legion Home in Waukegan, and was conducted by Mrs. Norman Holt of North Chicago, 10th District President. The other three members of the district nominating committee are Mrs. Philip Strand, Libertyville, the chairman; Mrs. Carson Neville, Grayslake; and Mrs. Joseph Hogue, Waukegan.

Mrs. Elvera Read, President of the Gurnee Unit, presided at the February 17th initiation ceremony of 13 Juniors into American Legion Auxiliary membership, held at the Gurnee American Legion Home. Mrs. James Rahlle, Round Lake, 10th District junior activities chairman, and Mrs. Ted Odom, of Libertyville, district vice president, were installing officers of the initiation ceremony. Mrs. N. Holt officiated at the graduation rite of two juniors into senior membership. Mrs. Ray Rathmann, Antioch, the junior past 2nd division president; and her daughter, Susan, who is serving as district junior president this year, were among the honored guests.

The 10th District Juniors will

be holding a bowling party at the Grand Bowling Lanes, Grand Avenue, Waukegan, on Sunday, March 10th, at 1:00 p.m., at a cost of \$2.00 per person. The juniors may invite friends if they so wish, but they must notify their senior advisors of their intentions by March 2nd, deadline date. Antioch Unit Juniors must contact Mrs. Bernard DeVries, their unit junior activities chairman; and Lake Villa Juniors should call Mrs. John Koller, their chairman.

Carmel High Mothers' Club plans Annual Fashion Show

"Fashions Fancy" is the title given to this year's annual Fashion Show presented by the Mothers' Club of Carmel High School. The luncheon and fashion show will be held in the Great Hall in the Holiday Inn of Mundelein, Routes 45 and 83, on Saturday, March 16 at 11:30 a.m.

Mrs. Robert Hermes of Prairie View is general chairman of the event and Mrs. Richard Roman of Buffalo Grove is co-chairman. Other members of the committee include: Reservation, Mrs. Edwrad Barth, Barrington; Raffle, Mrs. Thomas Reiger of Barrington; Special Raffle, Mrs. Robert Hätton of Waukegan; Door Prizes, Mrs. Casimir Passalino of Lake Forest; Model coordinator, Mrs. John Miller of Mundelein; Hospitality, Mrs. Thomas Hennessy of Buffalo Grove; Music, Mrs. Walter Toporek of Prairie View; Publicity, Mrs. Donald Thompson of Buffalo Grove; Mothers' Club President, Mrs. John Kasting of Mundelein and Mothers' Club Moderator, Sister Lorraine Peper, B.V.M.

Mr. Patrick Carrigan of Lyttons' in Hawthorne Center will coordinate and commentate on the Lyttons' fashions and on the Furs by John Pavlis of Chicago. Spring and summer fashions for both men and women will be shown.

Tickets are \$7.00. For further information please call Carmel High School, 566-8440.

Spring Fashion Show planned by Emmons parents

Men's, women's and children's fashions will be presented by Antioch merchants at the Emmons Parent's Club Spring Fashions of '74. March 21st is

the date, Paty's Lounge is the place. Doors will open at 6:30 with dinner promptly at 7:30 p.m. Fun and prizes for men and women. For tickets call 395-3254 or 395-1037.

Special Day for Senior Citizens

The Lake County Cooperative Extension Service is sponsoring a special day for Senior Citizens. The Senior Club of the Immaculate Conception Church, of Waukegan is acting as co-sponsors. The event will be held Friday, March 29, at the Immaculate Conception School Auditorium at 510 Grand Ave., Waukegan, from 10:00 a.m. to 3:00 p.m.

A morning program will be presented by Miss Geraldine Acker, State Specialist in Foods & Nutrition of University of Illinois Cooperative Extension Service, Champaign-Urbana. Miss Acker will demonstrate recipes for seniors, and offer samples.

Many area seniors have voiced a problem in food preparation and selection. After cooking for years in quantities for a large family, a senior must learn to cook for one or two. Miss Acker will discuss these and similar problems, as well as providing good information on nutrition and helpful hints in the kitchen. Miss Acker has presented several programs in Lake County and has established a reputation as a fine speaker.

The Seniors Club of the Immaculate Conception Church

AARP changes Meeting Date

The February 26, 1974 meeting and luncheon of the AARP, Antioch Chapter No. 387 was cancelled.

The next regular meeting will be held on March 12, 1974. Those elected to bring cakes for the February 26 meeting should bring them for the March meeting. A donation for cake and coffee will be 25 cents.

of Waukegan, headed by Mrs. George Murphy, is preparing and serving a delicious homemade Lenten Spring Buffet Luncheon. Music and door prizes will be offered during luncheon.

The afternoon will feature a style show of fashions for seniors, presented by Miss Marjorie Mead, State Specialist in Clothing and Textiles from the University of Illinois, Urbana. She will discuss pleasing fashion trends for seniors, colors and design lines, followed by a panel discussion.

All seniors, men and women in the area are invited and encouraged to attend all or any portion of the program. The activities are free, luncheon will cost \$1.50. Transportation can be arranged upon request. For ticket information, contact Mrs. Betty Commen, Extension Adviser, Lake County Cooperative Extension Service, Grayslake, 223-8627.

"Help!! Our child has a Learning Difficulty"

The Lake County Association for Children with Learning Disabilities is holding its third meeting this year in Zion, on Thursday, February 28. This meeting will be held in the Cafetorium at Central Junior High School, 1716 27th Street, at 7:30 p.m. The speaker will be Margot Heiniger, Occupational Therapist, who specializes in working with children whose sensory or motor development interferes with their academic development. This is an area which is often neglected in these children.

Anyone who is interested in this aspect of your child's education is invited. You don't have to be a member to attend.

WOMEN OF THE MOOSE

The February business meeting was called to order by the Senior Regent with all officers present.

The Chapter Charter was draped in loving memory of our co-worker Collegian E. Jane Meyer.

The Chapter then proceeded with the enrollment of Mary Brylinke, sponsored by Junior Graduate Regent Karen Bartuska.

The Recorder read the new applications and the Chapter returned a favorable ballot.

The Chapter approved the minutes of the previous meeting with the motion of Erna Toft and second by Gladys Schroeder.

The following reports were heard: Hospital Committee by Chairman Pat Halper; Mooseheart Committee by Treasurer Judy Cook; Hospitality by Chairman Elsie Toman.

Roses were pinned on the Membership Heart by Karen Bartuska, Pat Halper, and Senior Regent June Ballenger to correspond with the number of their candidates enrolled.

In the February Birthday march were Marge Hartman, Ann Gialds, Harriet Grewe, and a donation from Florence Henry for her birthday.

The Senior Regent reminded all co-workers about Ritual practice next Thursday in preparation for Chapter Rally Day. Don't forget, the bus leaves the lodge at 12:00 sharp on March 3 for the trip to Fox Lake for Chapter Rally Day.

Share the pot was won by Anne Stickler and Rita Brandt was not present to hear her name called for the attendance drawing.

Chapter Calendar:

- Feb. 26 - Ritual Practice - 7:30
- March 3 - Chapter Rally Day
- March 3 - Legion Enrollment - Waukegan
- March 7 - Moosehaven Chapter Night
- March 10 - Breakfast - 9 to 11, followed by LOOM enrollment
- March 14 - Officers Meeting - Judy Page's

Barbara "Davy" Crockett (L), CLC assistant director of financial aids, and Mrs. Lawrence Day (r), president of the Women's Auxiliary to the Lake County Medical Society, look over the college's scholarship program recently at CLC's Grayslake campus.

Lake County Medical Society Auxiliary awards nursing scholarship

The Women's Auxiliary to the Lake County Medical Society has presented a scholarship to the College of Lake County for students in the registered nursing program.

Debra Ann Williams of Round Lake was the 1973 fall recipient of this scholarship. Ms. Williams, 19, is the head of her household and responsible for her two younger sisters, ages 8 and 16. Besides being a full-time student in the R.N. program, she worked as a nursing aide.

For the spring semester the scholarship has been awarded to Donald Uhlmeier of Wauke-

gan. He has worked at both Downey V.A. Hospital and St. Therese Hospital as a nursing assistant. He will graduate from the college's R.N. program in May.

The scholarship is an annual award by the Women's Auxiliary to the Lake County Medical Society. President is Mrs. Lawrence Day of Libertyville. Mrs. John L. Ward of Lake Bluff is the health careers chairman.

13 Area boys make Carmels Honor Roll

They are:

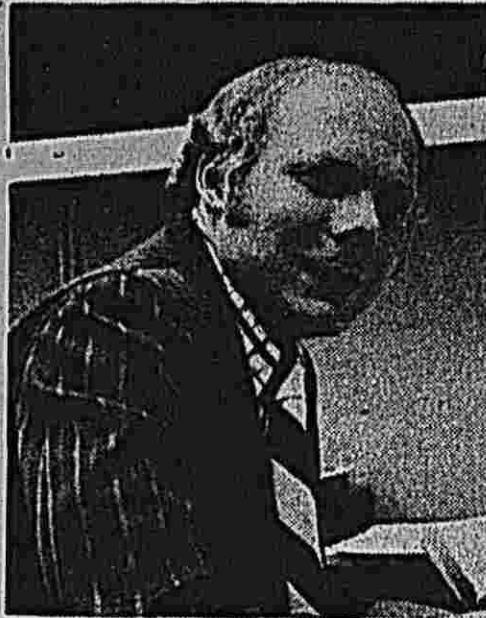

Antioch - Second Honors - Philip Sunich, 12 grade; Kenneth Breidel, 10 grade; Chris Boarini, 10 grade; Paul Boarini, 9 grade.

Lake Villa - Special Honors - Craig Nelson, 9 grade. First Honors - Michael Nelson, 9 grade. Second Honors - James Finn, 12 grade; John Seisser, 12 grade; Frank Jaskowiak, 11 grade; David Nyre, 9 grade.

Lindenhurst - Special Honors - William Szczesniak, 10 grade. First Honors - David Sorensen, 12 grade; Second Honors - Michael Kovanda, 11 grade.

LAWRENCE E. HOFFER NAMED ASSISTANT DEAN FOR CAREER PROGRAMS

Lawrence E. Hoffer was recently named assistant dean for career programs at the College of Lake County. Before coming to CLC Hoffer

served as associate dean for occupational programs at Highland Community College, Freeport, Illinois.

He holds both a bachelor's degree and a master's degree in industrial education from the University of Northern Iowa and a certificate of advanced study from Northern Illinois University.

Hoffer stated that a particular goal at CLC is to identify levels of competency for each career program.

"I would do this so students taking career oriented programs in local high schools can transfer to CLC without changing their achievement levels," he explained. "I don't want a competent student to repeat a course he has already

Sequoit Happenings

Bits from Barb

By: Barb Olson

Congratulations to the Girl's Basketball team. They finished their season with a victory Tuesday, against Cary Grove.

The Boy's basketball team is also to be congratulated - they won their games last weekend and if they win over Warren Friday, they'll be the conference champs.

Thursday, during gym hours,

movies were shown on Muscular Dystrophy. The Tom-Tom is sponsoring a fund raising drive next month for it. On March 15 and 16, students will be on the streets of Antioch soliciting donations for muscular dystrophy. Any student who did not sign up Thursday to work for the drive, please contact Mr. Chandler.

Wednesday, during the sixth hour, the Naval Reserve Jazz Band performed at the high school. They were very well received by the student body. The band played the full hour, and everyone had a good time.

Mother nature seems to be doing her best to break-up the school routine. Due to bad weather conditions, as we all know, school was cancelled Friday. This was the third time this winter that school has been called off because of snow.

Yearbooks are on sale in the commons during fourth hour, on Tuesdays and Thursdays. The cost is \$7.50 per copy.

SHORT COURSE FOR NEW CUSTODIAN

The College of Lake County is offering a short course designed to acquaint the new custodian with proper procedures and latest in maintenance of floors, walls, ceilings and fixtures of

public buildings.

The course will meet for three weekly sessions at CLC's Grayslake campus from 7-10 p.m. beginning Wednesday, March 13th, and concluding on March 27.

Instructor will be Gene Kulin, CLC Superintendent of Building and Grounds.

The course number is CPS 905-001.

Interested persons should call the college community services office at 223-6601, ext. 15, for further information or to enroll.

taken in high school."

Hoffer resides in the Third Lake area with his wife, Marilyn, and their three sons and daughter.

HOMETOWN NEWS

Antioch student active in sports at North Central College

Wendy P. Jensen, daughter of Mr. and Mrs. Robert Jensen, 477 First Street, Antioch, is co-captain of the women's inter-collegiate basketball team at North Central College in Naperville. Under the direction of head coach Beverly Thornburg, Miss Jensen, a returning letter-winner and last year's Most Valuable Player, competes for North Central as a guard. 43 percent of the women at North Central are active in either intramural or intercolle-

Barbara J. Parsons

Airman Barbara J. Parsons, daughter of Mr. and Mrs. Joseph W. Parsons of 245 Depot St., Antioch, Ill., has been assigned to Keesler AFB, Miss., after completing Air Force basic training.

During her six weeks at the Air Training Command's Lackland AFB, Tex., she studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Keesler for specialized training in the communications-electronics field.

Airman Parsons attended Dominican High School, Milwaukee, and Antioch High School.

giate sports.

A 1970 graduate of Antioch Community high school, Miss Jensen is a senior majoring in physical education at the private, coeducational liberal arts college.

Robert A. Becvar

Airman Robert A. Becvar, son of Mr. and Mrs. Robert F. Becvar of 220 Seventh Ave., Rt. 5, Antioch Ill., has graduated at Keesler AFB, Miss., from the Air Training Command's basic course for electronic specialists.

The airman, who received instruction in communications and electronics systems principles, is remaining at Keesler for advanced training.

Airman Becvar is a 1972 graduate of Antioch High School.

NAIM GROUP PLANS ST. PATRICKS DAY DINNER

The Lake County Naim group an organization for widows and widowers, will meet on Sunday, March 10, 1974. For information contact Raphael Gagnon at 566-6693 or Mary at 689-0770.

ABC'S OF TRAVEL

Barb Corbin

Unaccompanied Children

Airlines have this service, however many people do not know about it. Many times it is required that a child travel but an adult is not able to go along - NO PROBLEM. At the time of making the reservation, tell your travel agent the age of the child and that he will be unaccompanied. The travel agency will then take over and get it all taken care of with the airline/fairlines involved. It just takes one call and your child will be in the best of hands. The

Reservations are now being taken for the St. Patrick's dinner and Sing-a-long, at the VFW Hall, 1701 22nd Street, North Chicago, Illinois. Friends are invited.

unaccompanied child will be taken to the airport by the parent or guardian and then turned over to the airline. If a connection is required, an airline official will meet the flight and care for the child until transfer time. Children over five and under twelve traveling by themselves are charged the regular adult fare. This is required because of the special services which are necessary for a situation like this. Never is that child left by himself, there is always an airline representative around. Therefore, the next time your child must fly by himself, call your local travel agency and let him make all the arrangements. Some airlines will take children from 3 months up to 5 years of age also; but then a Medical Certificate for Air Travel will be requested from the airline on which the child is traveling. Emergencies do come up and most people would think an adult must be with a child but that is false. By making one phone call you can save yourself hundreds of dollars at this time. Your local travel agent is an expert in situations like this and has all the answers. Also if the child must return by himself as well but the date is not known, it can be left as an OPEN TICKET but you have still paid for a round-trip ticket. This ticket does not specify when a flight is to be taken, leaving the passenger responsible for securing a reservation (subject to availability) at a later date.

Barb Corbin

Day of Renewal Sunday

The prayer groups of Northern Illinois and Southern Wisconsin announce a Day of Renewal to be held the First Sunday of Lent, March 3rd at St. Benedict's Abbey, Benet Lake, Wisconsin.

Schedule for the day:

10:30 a.m. -- Mass with Benedictine Community

11:30-1:00 -- Registration

Noon -- Pot Luck Dinner (Bring a Dish)

1:00-1:45 -- Singing and Sharing

1:45-2:45 -- Speaker: Rev. Evelyn Zinmark

2:45-3:45 -- Free time for fellowship, bookstore, body ministry or Vespers.

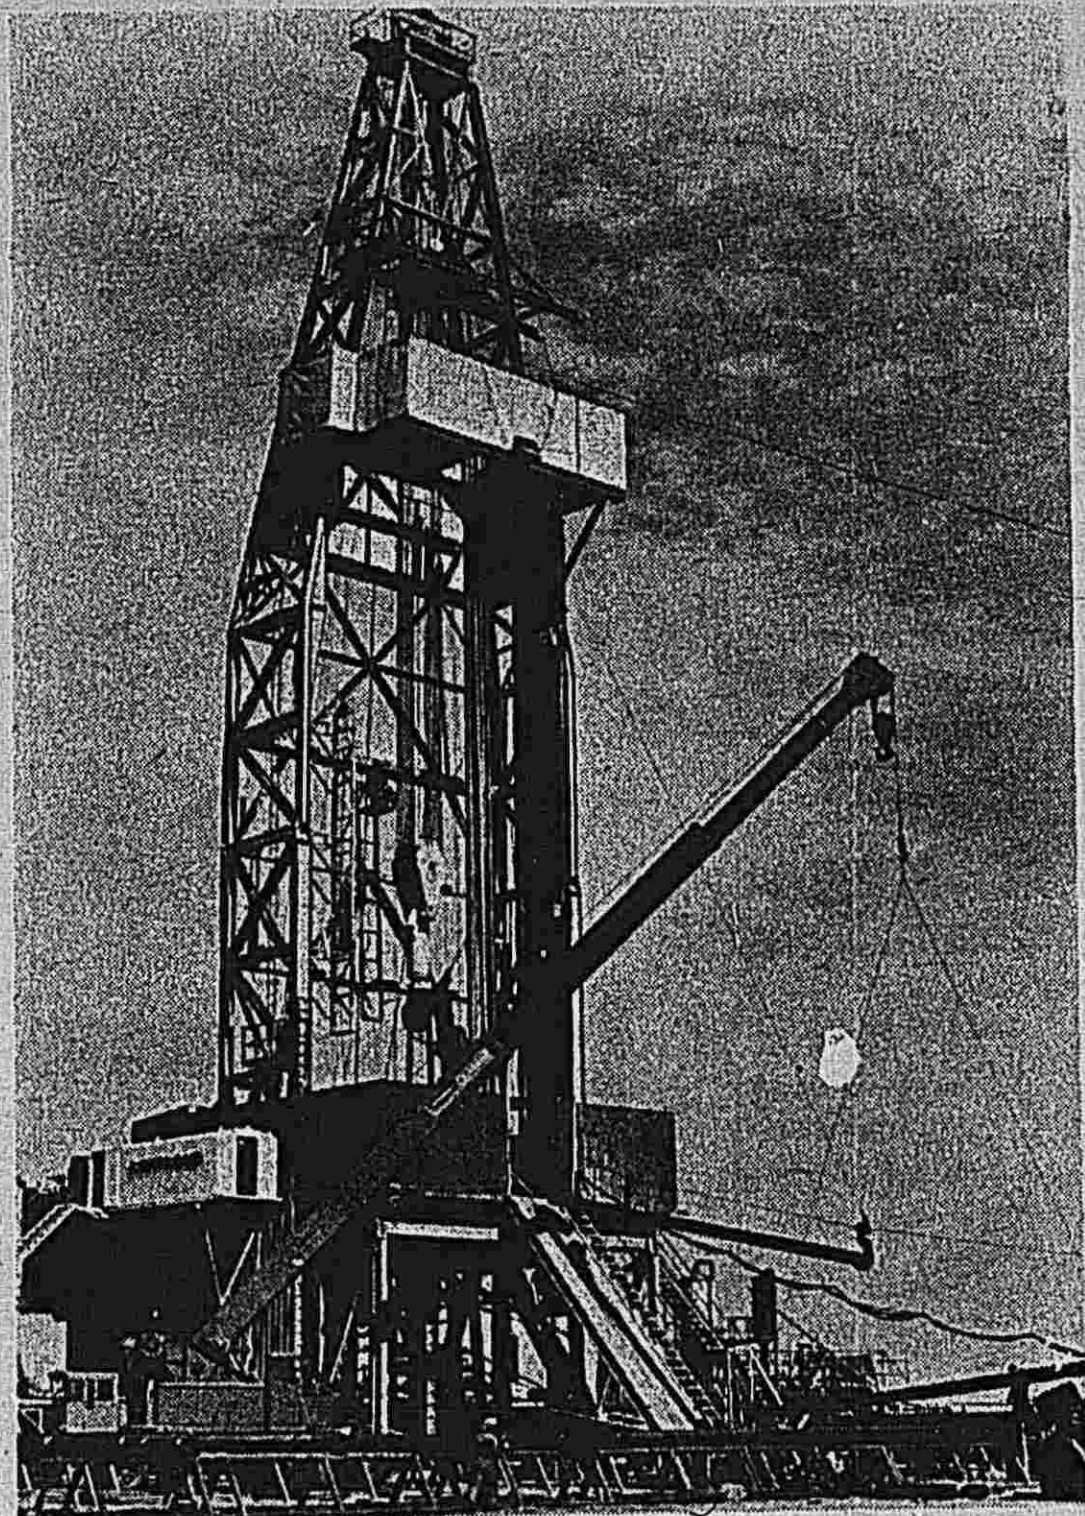

2:45 -- Introduction for newcomers.

3:45-5:00 -- Prayer Meeting

5:00 -- Prayer with individuals

The speaker, "Sister Evelyn" has been a pentecostal evangelist for over thirty years, ministering to people all over the U.S. and in five foreign countries. She is pastor of Church of God in Waukegan, where she is also active in youth work.

All Christians are welcome and may join the group at any time. St. Benedict's Abbey is just northeast of Antioch on Nelson Road.

DEEP WELL. Giant rig previously used for drilling a 30,050-foot Oklahoma gas well--the world's deepest--is shown at work drilling what could become the second deepest well, near Burns Flat, Oklahoma. Natural Gas Pipeline Company of America, subsidiary of Peoples Gas Company, will purchase gas from the first well and has partial rights to any gas which may be discovered in the second, in both cases to help meet increasing demands for natural gas in the Chicago area and the upper Midwest.

GAS PIPELINE GOES DEEP

Customers of North Shore Gas Company will soon be receiving part of their gas supplies from one or both of the two deepest wells in the world, located 20 miles apart in the Anadarko producing area of western Oklahoma.

Natural Gas Pipeline Com-

pany of America, like North Shore, a subsidiary of Peoples Gas Company, said today that it will purchase gas being produced from the deepest well -- a 30,050-ft. well northeast of Sayre, Oklahoma--and has an interest in another well now below 28,000 feet and still going down near Burns Flat, Okla.

Obituaries

MR. WALTER TOTON, 80, former Antioch resident, passed away on Sunday, February 24, at his home in Chicago. He was born in Poland in 1894 and came to America in 1914.

Survivors are his wife Mary, who he married in 1916, 1 son, Stanley Toton of Antioch, 1 daughter, Helen Bugajski of Chicago, 6 grandchildren and 7 great grandchildren.

He was preceded in death by one daughter, Virginia.

Funeral services were held on Wednesday at the Malec Funeral Home in Chicago with interment in St. Adalberts Cemetery in Niles, Illinois.

MRS. HELEN R. WETHERBEE-63 years old of Cross Lake, Wis. near Antioch, passed away on Feb. 23rd at Victory Memorial Hospital. She was born Sept. 7, 1910 in Minneapolis, Minn. moved to Waupaca, Wis. in 1930 and to Cross Lake in 1950. She married Max Wetherbee on Feb. 22, 1930 in Minneapolis, Minn. She was preceded in death by 1 brother.

Survivors are her husband Max; 1 daughter; 1 son; 2 brothers; 3 sisters; and 8 grandchildren.

Funeral services were held at 1:00 p.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Stephen Williams of the Antioch United Methodist Church officiated. Interment was in Liberty Cemetery.

MR. WILLIAM KIRK-76 years old of Antioch passed away on Sunday Feb. 24th at St. Therese Hospital, suddenly from a heart ailment. He was born April 3, 1897 in Erwin, Tenn. and resided there until moving to North Ave. & Trevor Road in Antioch 9 years ago. He holds membership in the Church of God at Rock Creek, Tenn. He had been employed as a self employed pulp wood cutter for the paper mills. He married Rosie Mae Jones in 1939 in Erwin, Tenn. and she preceded him in death.

Survivors are 1 son; 3 daughters; 7 grandchildren and 7 great grandchildren.

Visitation was held from 7:00 p.m. to 10:00 p.m. Monday at the Strang Funeral Home in Antioch. Funeral services will be held at the Akard Funeral Home in Bristol, Tenn. with burial in Erwin Cemetery at Erwin, Tenn.

MRS. FRANCES LASKOWSKI 88 years old of 515 Oak Street, Silver Lake, Wis. passed away Friday Feb. 22nd at the home of her daughter Mrs. John Schnaitman in Silver Lake. She was born Dec. 8, 1885 in Kramsk, Poland and came to the United States in 1914 to reside in Wilmette, Morton Grove, and Wheeling, Ill. before making her home in Silver Lake in 1969. She and her husband were farmers. She married Joseph Laskowski on Jan. 26, 1907 in Poland, and he passed away on Feb. 20, 1942.

Survivors are 3 daughters; 4 sons; 12 grandchildren and 10 great grandchildren.

Funeral services were held at 1:30 p.m. Monday at the Strang Funeral Home in Antioch. Rev. Philip O. Laurin of St. Stephens Lutheran Church officiated. Interment was in Ridgewood Cemetery at DesPlaines, Ill.

MRS. HARRIET KRAUT-KRAMER-92 years old of Salem, Wis. passed away on Friday, Feb. 22nd at Shady Lawn West Nursing Home in Kenosha after a short illness. She was born July 10, 1881 at Kenosha, Wis. the daughter of John & Bridgett Milward. She had lived in Berwyn, Ill.; Wauconda, Ill.; then to Antioch, Ill. in 1950 and to Salem in 1963. She married William Kraut-kramer in 1901 at St. James Church in Kenosha. She was preceded in death by her husband William in April 1947, and 2 sisters.

Survivors are 1 sister, Mrs. Charlotte Bloss; 1 brother John Milward & several nieces and nephews.

Funeral services were held at 10:00 a.m. Monday at the Strang Funeral Home in Antioch. Rev. Eugene Keusel of St. Peters Church officiated. Interment was in Green Ridge Cemetery at Kenosha, Wis.

Winnifred Riechers, Former resident, dies in Michigan

Mrs. Winnifred Riechers, age 68, died January 27 at Fremont, Michigan, following a short illness.

Her husband, Hubert Riechers preceded her in death, April 11, 1958. He had been a mathematics teacher at Antioch Township High School in the 1930's, resigning in 1939 to take a position at Lake Forest Academy and later moving to Michigan, where he taught at Bloomfield Hills until his death.

Mrs. Riechers had also been a school teacher and librarian at Bloomfield Hills, until her retirement. She is survived by her mother, Mrs. Bessie Ferguson, and one sister, Mrs. Robert Corrigan, both of Fremont.

A Schiller Park resident for 20 years, she moved to Bristol 13 years ago. She holds membership in St. Scholastica Catholic Church near Bristol. She married Walter F. Zielinski on November 8, 1915 in Chicago and he preceded her in death on June 27, 1969.

Survivors are 2 sons Alex and Walter, 1 daughter and 3 grandchildren.

Funeral arrangements are pending. For more information, please call the Strang Funeral Home in Antioch.

CHRISTIAN SCIENCE CHURCH

In the Bible in St. Matthew 20 we read how Jesus healed the two blind men sitting by the way side, proving the perfection of mankind. This will be brought out at Churches of Christ, Scientist, this Sunday in the Bible Lesson-Sermon "Christ Jesus".

From SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy this citation will be read: "Divine Truth, Life, and Love gave Jesus authority over sin, sickness, and death. His mission was to reveal the Science of celestial being, to prove what God is and what He does for man."

Everyone is invited to attend services at the First Church of Christ, Scientist, BEACON HILL, Rte 173 and Harden, Antioch, Illinois. They begin at 11 a.m.

"Hindsight's Better Than Foresight"

by: Father Eugene Keusal

"The Exorcist" is nothing more than the age old question of good and evil. Since the creation of the universe no one has been able to answer that question satisfactorily. Many of the great minds of the past have done their best to explain what evil is and where it came from. No one yet has succeeded.

We know that God created the universe and after He created it

He said that it was good. "The Exorcist", as an example of evil, seems to be something that will never have a satisfactory solution. That evil does exist is not a mystery. We read about it every day in the form of violence, injustice and greed. How we explain it is a mystery.

The strange thing is that we think nothing of putting money before all else, making power the master of life, thinking nothing of perjury, adapt to the age of sexual revolution but do get excited about a film that places evil before us in a way that shocks us back into a world that reminds us of the effects of evil.

Perhaps "The Exorcist" might be a good time to ask ourselves what we believe about God. Is he really the standard on which our life is based? Do we make our judgements about life based on our beliefs? Do we sometimes think that the laws of God for good which are meant to direct our lives and the life of society don't pertain to us in particular circumstances because it involves "Me". And that brings us back to the same old question of the mystery of good and evil.

Dad and Mom

Two people together, for 61 years.

Who has shared joy, sadness and happiness.

A glance, a wink of an eye, and love blossomed.

The thrill of a new baby, one just as precious as the one before.

Seen a war together, saw loved ones return.

Saw sun rise and sun sets, with new hope held high.

Have felt the touch of each others hand for strength anew. 61 years is a long long time to be together.

With that wonderful feeling called love.

Love is a magnet that holds two people together.

So Dad and Mom as you celebrate another anniversary

Our thoughts are with you. So tuck a memory away, for your next anniversary.

Mrs. Barbara Jewicus
Colby, Wisconsin

New training course for CONTACT telephone volunteers

CONTACT will begin a new training course for telephone volunteers March 12 at 7:30 p.m. at Grace United Methodist

JUDGE FOX DECLINES CAMPAIGN CONTRIBUTION

Judge Warren G. Fox stated this week that he has declined to accept all cash contributions towards his campaign for nomination as the Republican Candidate for Circuit Judge in Lake County.

He said the decision was not made naively as he was fully aware of the cost of an effective campaign. "The decision," said Judge Fox, "is a personal one. I simply would not feel comfortable, as a judge, accepting sums contributed to me as an individual."

Judge Fox conceded that, in the past, he himself had contributed to the general funds of the Republican Party and that, if nominated, he would be willing to accept help from this same source. "But," he added, "only as one of a slate of candidates. The personal nature of any contribution must be removed."

Church, 244 Center Street, Lake Bluff, Illinois. The course will continue for three months, meeting weekly. Anyone interested in taking the course to become a CONTACT volunteer may call 336-2767.

CONTACT is a volunteer 24-hour-a-day telephone help service for the people in Lake County who need someone to talk to. It was founded by the Lake County Mental Health Society a year ago and currently answers about 900 calls monthly.

The purpose of the training program is to teach the volunteer the art of being a concerned, intelligent listener. The course was designed by Dr. Ronald Forgas, Chairman of the Psychology Dept., Lake Forest College. Many

CONTACT workers have found the training helpful to them at home and at work.

The first part of the program deals with self-awareness and helps the trainee to understand his own psychological makeup and frustrations. The second half of the course gives the student some understanding of the causes of depression, alcoholism, drug addiction and all the other ills associated with the human condition. Through role playing techniques the student learns what feelings are involved with these conditions.

The training will be conducted by Dr. Allan Markle of the Psychology Dept. Lake Forest College. A nominal fee is charged for books and materials. Persons 16 and over are eligible for the training.

Grace Mary Stern, the incumbent County Clerk, has taken a major step in preparing for the upcoming November election by announcing the formation of her campaign committee, "the grace mary stern reelection collection." Responsibility for campaign strategy will be shared by Charlotte Glowacki, 13 Oxford, Lincolnshire; Ronald Glickman, 171 Blackhawk, Highland Park; and Robert D. Flinn, 385 Havenwood Court, Libertyville.

"In 1970 a single campaign manager proved successful for us. But I thought it would be advantageous for all of us to have a wide spectrum of political thought as well as a broad geographical cross section this time," Mrs. Stern said.

Ms. Glowacki, the woman member of the non-partisan troika, will organize and direct the campaign field organization. "With the sort of apathy and suspicion that pervades the national political scene, this next election is going to be even tougher than the one in 1970," said Ms. Glowacki. "If we are to win again, we must recruit concerned men and women throughout Lake County."

Jack Conarchy, 23 N. Elmwood, Waukegan, has accepted the position of Treasurer for Mrs. Stern's campaign.

The first campaign fund-raising event will be a wine-tasting and celebrity auction on March 22nd at the Highland Park Women's Club. A number of other events will be held throughout the county during the campaign season.

Cites coal and uranium as keys to energy self-sufficiency

More coordinated and balanced development and use of domestic resources to help the country return to energy self-sufficiency were called for by Thomas G. Ayers, chairman and president of Commonwealth Edison Company, in the company's annual report to stockholders this month. The way to this goal, he indicated, is through greater use of coal and nuclear power.

"Oil and gas supply almost 80 percent of the energy consumed in the United States," Mr. Ayers said, "yet these fuels make up only about 5 percent of our fossil energy resources. On the other hand, enough coal and uranium exist to meet the nation's requirements for thousands of years, provided the breeder reactor is developed and we perfect the technology required to permit maximum use of coal in an environmentally acceptable manner."

Commonwealth Edison, he pointed out, is now involved in major research projects related

to both the breeder reactor and coal gasification. He also said that coal and uranium now account for about nine out of every 10 kilowatt-hours of electricity produced by the company and that in 1974 over a third of Edison's generation will come from nuclear sources.

Emphasizing the importance of conservation, Mr. Ayers noted that a program of energy management now extends to all of the company's properties and equipment and that its advertising and public information continue to focus on efficient energy use by customers.

As previously disclosed, the annual report showed that Commonwealth Edison earnings per common share in 1973 were \$3.16, up three cents from a year earlier, as net income increased to \$184.4 million from \$173.7. Revenues increased 11.1 percent to \$1.27 billion, but operating expenses also rose sharply to a total of \$717 million, or 10.3 percent more than in 1972.

"Gameplan: Life"

"Gameplan: Life" is the title of a new 16 mm motion picture release on the subject of heart attack prevention. Donald O'Connor in an appealing backstage setting presents the subject with reference to his own personal experience with heart disease.

John Hiller, star relief pitcher of the Detroit Tigers and 1974 winner of the Hutchenson Award, joins Donald O'Connor to tell of the pitfalls leading to their heart problems. Both men are back performing and achieving in their respective professions.

Filmed in Reno, Los Angeles and Duluth, the 15 minute movie

focuses on the events leading up to and during a heart attack and featuring the rescue efforts of the paramedic unit of the city of Los Angeles Fire Department.

Abbott, a North Chicago pharmaceutical manufacturer, sponsored the film production as a public service to inform adults of the risk factors and what can be done to prevent heart attack.

"Gameplan: Life" is available free of charge for group showings by writing Abbott Film Service, c/o Scientificom Distribution Center, 708 North Dearborn, Chicago, Illinois 60610.

All-Illinois art exhibition will tour state

The North Shore Art League, sponsors of New Horizons, an all-Illinois juried exhibition of fine art, have announced that selected works from the 1974 exhibit will tour the state under the auspices of the Illinois Arts Council. Pieces selected for travel will be available for a period of 12 to 18 months so that this outstanding cross-section of Illinois art can be viewed throughout Illinois by the interested public.

The new Horizons exhibition will open first in Chicago, Friday, May 10, and will remain on display until June 14, 1974. This year, the exhibit will be located at the Mid-Continental Plaza, 55 E. Monroe, Chicago, through the courtesy of Tishman Midwest, Inc., a subsidiary of Tishman Realty Construction Co., Inc.

There will be a \$1250 Best of Show award, with cash prizes offered in categories of painting, sculpture, graphics and photography. In addition,

generous purchase awards are being offered.

Two jurors will select works for exhibit, award prizes and chose pieces for the statewide travelling exhibit. They are: Ms. Howardena Pindell, Assistant Curator of Prints and Illustrated Books, Museum of Modern Art, New York, and Mr. Peter Plagens, Contributing Editor to Artforum Magazine from Los Angeles. Both jurors are also exhibiting artists, as well.

Professional artists, resident of Illinois, are eligible to enter New Horizons. Work will be received at the loading dock at 55 E. Monroe, Chicago, on Friday, April 26 and Saturday, April 27, from 10 a.m. to 5 p.m. Complete details regarding entry fee, procedure, specific requirements and media are all detailed in the prospectus, available from the North Shore Art League, 620 Lincoln Avenue, Winnetka, Illinois, 60093 (phone: area 312-446-2870)

PET CENTER

Before You Buy a PET

Before you buy any pet, be sure you can care for it. We'll help you decide, just ask us.

If you choose a dog or cat, be a good neighbor. Know and obey pet licensing and leashing laws.

If you feel that a proposed law regarding pets is bad, let your councilman, your state representative, your Congressman know. Write to him. Join with others to make your opinions known. Response from voters has great impact on our representatives at every level.

Do your part to keep our neighborhood clean. Never let your dog relieve himself on your neighbor's lawn or any private property, on recreation areas or sidewalks.

Give your dog or cat regular health check-ups by the veterinarian. He'll recommend inoculations for rabies and other treatments that will protect your pet and your family.

Teach the children to wash their hands after handling their pets.

Keep turtle bowls and fishbowls clean. Decaying organic material encourages bacterial growth; sometimes it causes illness.

Groom your cat and dog regularly to be sure it's free of parasites. Check all your pets often; watch for signs of illness or potential health problems.

We promise to take every precaution and to observe every regulation about the keeping and selling of animals, in order to provide you with good healthy pets.

Carol Mardell is write-in candidate

"Partisan politics plays a big part even in Lake County campaigns," according to a Democratic candidate who

crat James Capra had not included one of the required documents. Mardell claims she never received the form from the State Superintendent.

Several attempts were made to resolve the situation, but the County Electoral Board finally ruled the two Democrats' names off the Primary ballot. Mardell immediately announced that she would seek write-in votes for the nomination. She meets or surpasses all of the qualifications for the office.

In seeking write-in votes,

Mardell said, "This is particularly difficult because the voter must remember both my name and the office I am seeking which has a ridiculously long title." However, she hopes to convince voters of the importance of voting for her in the primary. "With me as the Democratic candidate for Supt. of the Educational Service Region, the voters of Lake County will have a very clear choice to make in November for the sake of our children."

Conducting Admission procedures for MLT Program

finds herself forced to seek write-in votes for the party's nomination for the office of Lake County Superintendent of the Educational Service Region. Carol Mardell claims that the present Republican Superintendent "tried to disqualify the Democratic opposition for his office."

After the deadline for filing petitions for that office had passed, it was discovered that Mardell and her fellow Demo-

The College of Lake County is now conducting admission procedures for the Medical Laboratory Technology (MLT) Program. The program is designed to train men and women as laboratory technicians in hospitals, clinics and pharmaceutical laboratories, according to MLT coordinator, Elaine Gremminger.

Applicants for the 1974 class

will be interviewed between March 1 and April 15. "A review committee will select the top 15 candidates early in May," she said.

Ms. Gremminger said the curriculum leads to an Associate Degree of Applied Science. "It provides a foundation in general education, related science and mathematics and specialized medical technology disciplines including an extensive amount of clinical practice," she explained.

"After completing the two-year program, the graduate is eligible for registry as a Medical Laboratory Technician by the Board of Registry of the American Society of Clinical Pathologists," she said.

"Persons interested in the program should contact me at the college and arrange for an interview," she said.

Ms. Gremminger may be reached by calling the college at 223-6601, extension 70.

U.S. News and World Report cites Cong. McClory's impeachment views

Congressman Robert McClory, in the Feb. 23 issue of U.S. News and World Report called for a "wait and see" stance on impeachment charges against President Nixon.

In what the magazine calls a "portentous dispute", McClory said, "To decide the case before all the evidence is received is comparable to the expression, 'I have made up my mind - don't confuse me with the facts'."

Representative Jerome Waldie (D-Calif) is quoted in the same issue as coming out strongly for the impeachment of "this President." Representative Dan Kuykendall (R-Tenn) argues that there is not a "scrap of proof" upon which to move for impeachment of the President.

McClory's remarks are part of what U.S. News and World

Report calls "an historic debate." McClory argues in the magazine for a speedy end to the impeachment inquiry. "I know I am expressing the feelings of most all Americans on that point," says McClory.

The 13th District Republican Congressman's remarks ran under the heading, Wait Until "All The Facts Are In" and McClory ends his comments by saying, "To announce our vote for or against impeachment before all the facts are in is to violate our duty as Members of the U.S. House of Representatives..."

"I intend...to stand firm in the thought that this obedience to Constitutional precedent will raise up a healing spirit of bipartisanship, justice and equanimity among my colleagues in the Congress."

Rep. Pierce introduces an amendment of RTA Act to assure protection of park property

State Representative Daniel M. Pierce (D-32nd District), House Minority Whip, today announced that he will introduce a bill when the Legislature reconvenes on March 6, to make certain that the Regional Transit Authority has no power to condemn by eminent domain, property used for park or forest preserve purposes. Rep. Pierce points out that the RTA Act, as drafted, requires a two-thirds vote of the directors after a public hearing and written study before park or forest preserve property can be taken by eminent domain. A written finding must be made that the taking is necessary to accomplish the purposes of the Act, that no feasible alternative to such taking exists, and that the advantages to the public of such taking exceed the disadvantages.

Rep. Pierce maintains that

there should be no occasion on which the RTA need condemn public park or forest preserve property. The RTA will operate its buses on public streets and highways and its rapid transit and trains on existing tracks and rights-of-way.

In order to assure that public parks and forest preserve land cannot be taken by the RTA, Rep. Pierce has drafted legislation which will be introduced under his sponsorship on March 6 when the legislature returns to Springfield. Pierce feels that there is a genuine need for a viable public transportation system in the Chicago Metropolitan area. He is a strong supporter of the RTA concept and is confident that the bill he plans to introduce will allay the fears of some park districts and open space advocates that the RTA might at some future time impinge upon park lands.

Vass candidate for Congress

Edward M. Vass, Republican candidate for Congress in the 13th District, today called for the elimination of the capital gains tax on the sale of homes, regardless of the owner's age, but with the tax relief being valid for one transaction only.

"The capital gains tax is unfair and unjust," Vass declared. "For many people, a home represents a major investment in their lifetime, and this tax robs them of thousands of dollars."

"By limiting the proposal to one transaction, we ensure that this tax relief goes to the person who needs it, the individual, residential home owner."

Vass cited an example of the injustice of the capital gains tax:

"A house purchased for \$30,000 ten years ago and sold today for \$50,000, less selling expense, would result in a capital gains tax on the \$18,000 or so difference. This tax could be as much as \$4,500."

"If that \$18,000 represents a person's life saving, the government has taken from then a unrealistic percentage that could seriously affect their future security."

Vass said that a possible loss of revenue to the federal government does not alarm him, because government will spend every dollar it receives - and more. One obvious way to force Congress to assume its Constitutional responsibility for sound fiscal management is to provide the federal government less of the taxpayers' monies to spend, he pointed out.

Waukegan Speedway reopens April 6

The stock car racing season at the Waukegan Speedway will start Saturday night April 6th with the late model 'super stock' and hobby stock cars featured. The 'super stocks' will switch to Sunday nights in May with the late model 'sportsman' taking over the Saturday night spotlight.

One of the late model drivers seeing double-duty will be fifth-year pilot Ted Richter of

Libertyville. Richter, who has finished third in the past two years of 'sportsman' points, plans to field a new 1974 Chevelle for the opener and then concentrate on the late model sportsman title once the season gets in full swing.

Richter, the sportsman driver's spokesman last season, advises the drivers will meet during the first week in March to iron out final arrangements

for the up-coming season. Among the changes slated is the requirement of mufflers on all the race cars at Waukegan in 1974.

Nicknamed the 'Flying Fat-man', Richter is the owner-operator of Lakeland Bus Company in North Chicago and the sponsor of several cars at the Waukegan oval. Last season Ted won three feature races and finished just 36-points off J.P. Gatti's championship total.

Jim Walkenoff of Waukegan, who is Richter's key mechanic, plans to install a 'de-stroked' 400 cubic inch engine in the Boyce Track-Burner chassis this Spring in quest of the title. The car, which is out-fitted with Franklin suspension components and a fuel cell, will again carry the Number '3' this year.

Richter and his wife Penny live in Suburban Libertyville. They have four children: Kelly (11), Teddy (9), Jody (7) and Cindy (5). Ted, age 33, says he's like to race more nights during the year, but his prosperous school-bus business and family limits his activity.

LAKE COUNTY MANPOWER PROGRAM

With the enactment of the Comprehensive Employment and Training Act of 1973, the County of Lake is eligible as a Prime Sponsor to provide all Manpower Services for Lake County. These services will include the development and creation of job opportunities and the training and education needed for gainful employment. The Manpower Program will be geared for those persons who have particular disadvantages which may hinder them from securing employment. The primary purpose of the Manpower Program is to enable individuals to secure and retain employment at their maximum capacity.

Board Chairman Ronald Coles designated Robert Klebe, Director of the Manpower Program, and Robert Weismantel, Lake County Board Member, to meet with Congressman Robert McClory and William Harris, Acting Deputy Director of Community Manpower Programs. The purpose of the meeting held in Washington D.C. on January 22 was to discuss the availability of discretionary funding.

It was learned that upon receipt of the guidelines for Manpower funding, which are to be published in the Congressional Record, discretionary decisions will be made.

In addition, Lake County made a preliminary request for demonstration programs in the areas of unemployed women, physical census taking and job transitions from non-durable goods to pharmaceuticals.

Antioch 7th Grade at Lake Zurich

Lake Zurich beat the 7th graders 28 to 18. The third quarter was Antioch's best, bringing them within 2 points of Lake Zurich. To many, turnovers in the final period proved to be their downfall. Oddsen scored 12 points for Antioch.

Western wrestlers in National Championships

Five Western Illinois wrestlers will represent the Leathernecks in the NCAA Division II Championship at Fullerton, California, March 1-2.

The quintet includes heavy-weight Jim Woods (Chicago Hts.-Bloom Twp.), 167 pound Rick Nelson (Antioch), 158 pound Joe DePaulo (Midlothian-Tinley Park), 142 pound Joe DiPrizio (Melrose Park-West Leyden) and 134 pound Tom Arlis (Lombard-Montini).

Two-time All-American Woods leads the contingent with a 19-0 record this season. The big 6-6, 265 pounder finished sixth last year after a number one seed slipped through his grasps when he suffered cracked ribs in the third round of the nationals.

He finished second in the competition his sophomore year.

Nelson, who was sixth seeded last year, has compiled a 19-2 overall mark this season and has been undefeated in 14 straight dual meet efforts.

He lost his second match in last year's national finals.

DePaulo, after coming back from a broken jaw in the early portion of the season, has completed a nearly perfect 11-1 record.

DiPrizio has won six, lost three and tied one match.

Arlis has won 10 of 14 matches in the just completed regular season.

Western finished 10th in the national tournament last year with 27 team points. Cal Poly, this year's favorite, won the title.

The Leathernecks have completed their regular dual meet season with an 8-5 mark.

Soph wrestlers set records

The Antioch High School Sophomore wrestlers broke several individual and team records on the way to an 18-1 dual meet season and their fourth consecutive N.W.S.C. championship.

Greg Nordstrom led the Sequoits with a record 121 points for the season; 25 wins; 25 wins undefeated; 15 2-point near falls, 14 pins and 20 reversals.

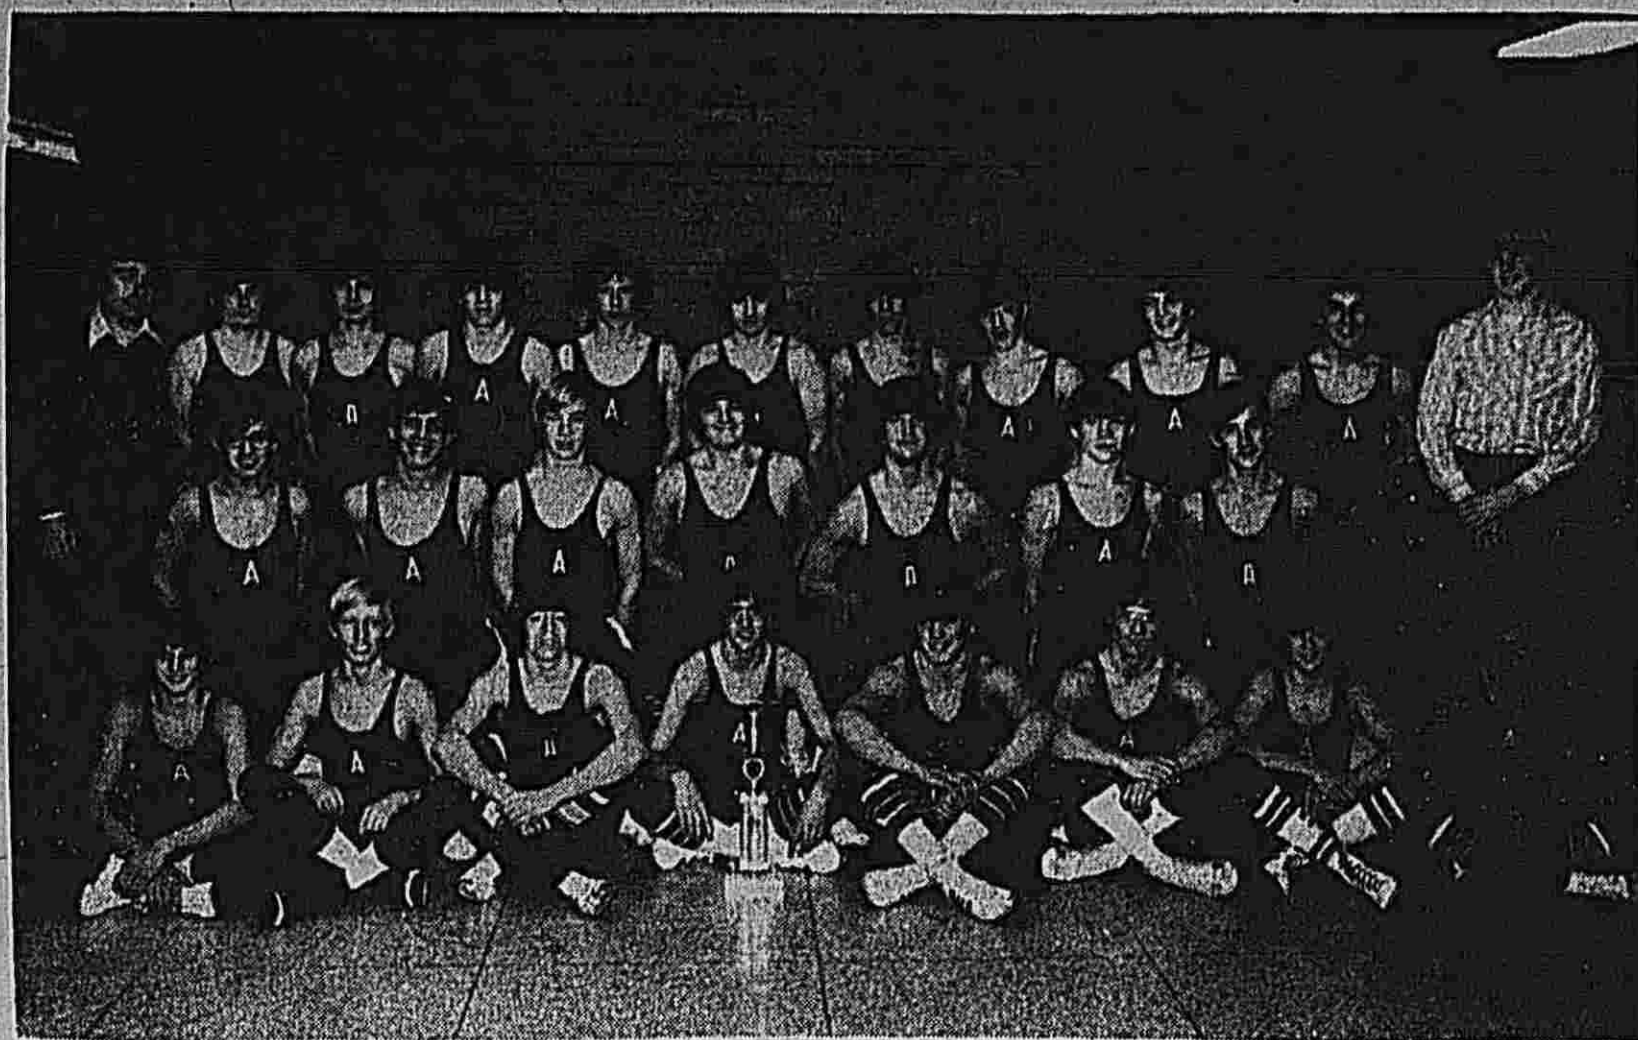

Tom Ingoglia set the record for most escapes with 15.

The fastest-pin records were broken in two different weight classes: John Davis at 105 pounds and Dave Bogaerts at 145 pounds.

As a team, the Sequoits tied the team record for most wins,

with an 18-1 record; broke the season team scoring record with a total of 842 points and also broke the record for pins in succession during a single dual meet vs Stevenson this year with a total of 9.

Letter winners for the '73-'74 season are: Robin Aerne, Wayne Blake, Dave Bogaerts, Mike Brown, Mike Chiapetti, Rich Coles, Ron Cook, Scott Curtis, Al Damske, John Davis, John Fenner, Mark Grunewald, John Haley, Tom Ingoglia, Grant Jorgensen, John Kaminsky, Dick Kessler, Scott Lawrence, Pat Morgan, Howard Muehltnickel, Bruce Hauer, Greg Nordstrom, John Pocrnich, Mark Ring, Jeff Stickler, Mike Walsh and Lyle Brawley, (Mgr.).

(Staff photo)

Emmons gains fourth consecutive conference crown

The Emmons Raiders closing in on a conference championship traveled to Spring Grove to engage the second place Eagles in battle. The Raiders entered the contest with a 6-0 conference record while the Eagles stood a 5-1. Their only loss was suffered on Emmons court.

Both teams started tense and turned the ball over the first two times down the court. Emmons scored first at 4:10 of the first period on Bill Dubek's long jumper. During the first stanza both teams tried to establish their game. The Raiders slowed the game down and tried to putt Spring Grove out of its two-one-two zone.

This strategy met with some success although the Raiders led only six 6-5 at the buzzer.

The Raiders switched from a man-to-man to a zone early in the second period when Tracy Sodman picked up his fourth foul and Emmons was forced to

use its bench.

The lead switched hands several times and at one point Emmons pulled to a 5 point lead. Spring Grove bounced right back when Phil Rinda hit a basket at the buzzer to close the gap to 18-17.

During the first half free-throws kept Spring Grove alive. The Eagles hit 9-16 charity tosses while Emmons out scored them 18-8 from the field.

The second half remained extremely close with Spring Grove jumping to small leads and Emmons closing to tie. Neither team was able to pull away to a large lead.

At 3:20 of the final period with Emmons trailing 32-28 coach Mike Mitchell inserted Sodman back into the game and went to a full court zone press. These moves paid off as Sodman worked free under the basket and John Eder hit a basket from

outside. Sodman collected the go ahead basket at 1:10. Then Bill Strezelecki stole the ball and Emmons had the ball in control. The Raiders were led by Dubek who had an outstanding game with 16 points and 14 rebounds. Eder notches 12 for Emmons while Sodman grabbed off 8 rebounds. Spring Grove's Mark Adomatis had 17 points and 20 rebounds as well as blocking six shots to be spectacular for Spring Grove in defeat.

The Emmons B team also gained a 58-6 smashing of Spring Grove. This was Emmons fourth consecutive conference championship for the 8th game level. Emmons has also won the B division three of the last four years.

Soph Cagers are conference champs, too

Antioch's Sophomore Basketball team clinched a first place finish in the Northwest Suburban conference with wins over Grant and Grayslake this past weekend. On Friday Antioch defeated Grant 51 to 41 and on Saturday downed Grayslake by a score of 67 to 54. Antioch, now 10 and 1 in conference play, leads both Grant and Warren by two games with only one game left to play. The two Antioch wins brought the Sophs' season record to 17 wins and 6 losses.

Jon Bodin led Antioch in scoring in the Grant contest with 16 points for the evening. Scott Kimball followed right behind with 15, George Fergus-

on added 12 and Jeff Eder scored 8.

In the Grayslake game Scott Kimball came up with a big night with 26 points and 21 rebounds. George Ferguson also had a fine game scoring 17 points and pulling down 17 rebounds for the Sophs. Jon Bodin added 12 points, Jeff Eder and Tom McAvoy both scored 5 each and Mitch Witt added 2.

The Sophs will close their season this Friday evening when they face Warren on Antioch's home court. The Sophs are looking forward to this game as Warren handed Antioch its only conference loss when they played at Warren three weeks ago.

Sequoits, Woodstock open McHenry Regional Tuesday

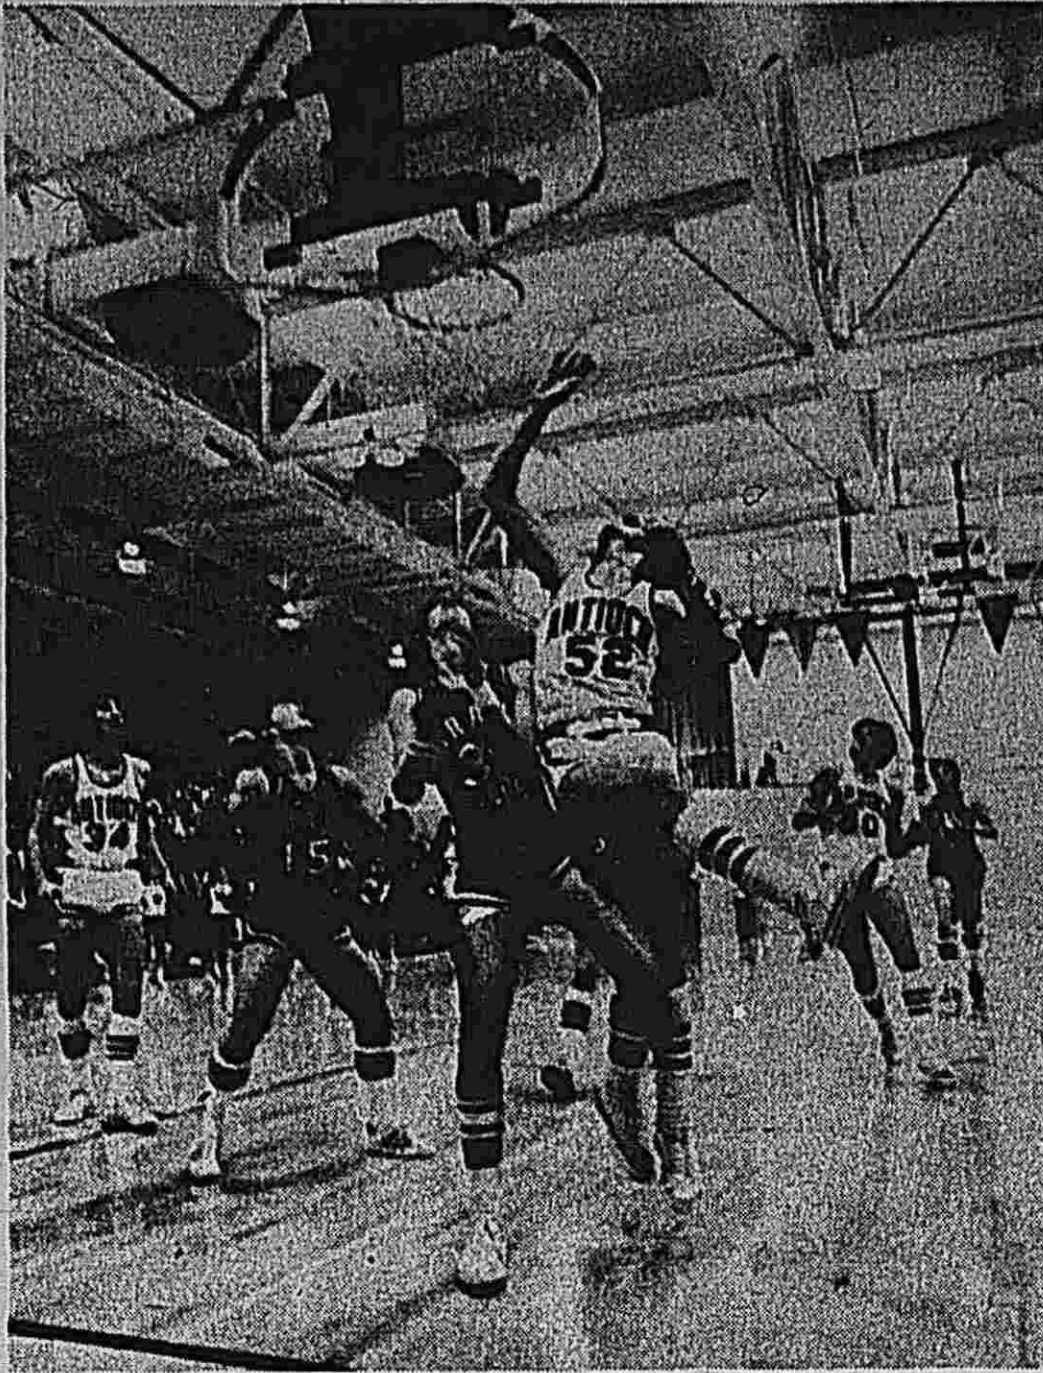

The Antioch Sequoit basketball team, sole champions of the Northwest Suburban Conference will tangle with conference foe Woodstock in the opening game of the McHenry Regional, Illinois Class AA High School Basketball Tournament, Tuesday, March 5. Game time is 7:30 p.m.

Antioch coasted to a 76-67 victory over Woodstock on February 16.

The host McHenry team takes on Grant the following night, March 6, also starting at 7:30 p.m. Winners of the two games will meet Friday, March 8 at 7:30, for the regional championship and a berth in the Rockford Jefferson Sectional.

Though Antioch is seeded number one in the McHenry Regional, Coach Roger Andrews commented, "That doesn't mean a whole lot; it's like a whole new season starting with the tournaments."

Tickets for Tuesday night's opener are available at Antioch High School. Student tickets are \$1.00 in advance. Adult tickets are \$1.50. All tickets purchased at the door Tuesday will be \$1.50. Andrews reported that 750 tickets have been allocated for each school participating.

VICTORY TANGO. Russ Albano (52) and a Grant player appear to be acting out a small "tango," waiting to see if Albano's lay-up will score. Mark Andrews (34) and Mike Perrone (50) position themselves for possible rebound. Antioch won the contest 72-68, boosting their Northwest Suburban Conference record to 11-0 and taking unchallenged control of the championship. (Staff photo)

Antioch Cagers Win Title

Playing before a large home crowd, the Antioch Sequoit Cagers captured the Northwest Suburban Conference Championship beating Grant High School 72-68 on Friday evening. The victory gave Antioch an 11-0 record and left Grant with a 8-3 record, with only two games left. The play by both teams was super, truly a championship game.

In the first quarter, the Sequoits were very sharp, using a full court press and a zone defense, they moved out to an early lead. With four players contributing to the scoring, the first quarter ended 23-15 in favor of the Sequoits. Grant had some problems with the press and also had a hard time controlling the Sequoit scoring machine.

As the second quarter started, the Sequoits opened up their largest lead of the game as Andrews, Perrone, and Albano each hit a basket for a 29-17 lead with 6:17 left in the quarter. The Sequoits continued to lead by several points til there was 3:46 left in the quarter. With the score 36-25, the Bulldogs from Grant hit for eight straight points, closing the lead to 36-33 and as the quarter ended each team scored a basket and the half ended 38-35, with Antioch holding the slim lead. The scoring for the Sequoit was led by the outside shooting of Mark Andrews and the inside work of Mike Perrone, as they had 10 and 11 points respectively. Bruce Kemnetz lead Grant in scoring the first half with 15 points, mostly off the full court press or the zone defense. In the second half, the Sequoits went with their man-to-man defense, with Andrews holding Kemnetz to only 1 basket til late in the game, when he scored two quick ones.

As the third stanza opened, Mike Gutowski was in foul trouble with 4 fouls and early in

the quarter Vic McGuire picked up his 4th. Kevin Walpole and John Janosko took their places and filled in very well. During the quarter, the Sequoits played steady ball and on two occasions opened up an eight point lead. But Grant, not to go down without a fight, came back again to close the lead and with 4 seconds left in the quarter Kirk Hamsher scored on a 3 point play to end the period in a tie 58-58. Hamsher led the Grant surge with nine points in the quarter. Russ Albano led the Sequoit attack with 4 baskets.

In the final quarter, one could tell it was going to be an Antioch victory as the Sequoits quickly moved out to a six point lead. From this point on, the game became a strong defensive struggle. The Grant Bulldogs on two different occasions had to call time out as they just couldn't crack the Sequoit defense. It was a pleasure to see the great defense by the Sequoit cagers. With 2:20 left in the quarter, the Sequoits leading 69-64, Grant worked real hard, but could get only a couple of 20 foot shots off but did hit both to narrow the Sequoit lead 69-68. With 54 seconds left, Albano hit 2 free throws and followed this up with a steal and a lay up basket with only 39 seconds left on the clock. The Sequoits then grabbed the rebound off a missed Grant shot and stalled out the remaining seconds of the game. A sweet Antioch victory, and Conference Championship, 72-68.

"The victory was a real team effort as each player did his thing and well, with Russ Albano playing a real super game," quoted Coach Roger Andrews. Team balance in scoring was present again, as four Sequoits were in double figures, lead by Albano's 27 points and Andrews, Perrone following with 14 points each. "The reserve play of Kevin Walpole and John Janosko was

very encouraging too," added Coach Andrews. The rebounding job was done by all, but Andrews and Albano lead the grabs with 9 and 8 respectively. "The team has played very exciting basketball and have met the challenge of a great season - a beautiful team and a championship team," concluded coach Andrews.

On Saturday evening the Sequoits travelled to Grayslake and continued their steam rolling through the conference with a smashing 98 to 48 victory. A game that the Sequoits dominated from the beginning with an opening quarter 23-6 lead. Then in the second quarter the Sequoits put the game away outscoring Grayslake 33 to 14 and a half time lead of 56 to 20. In the second half - the reserves took over and continued the lopsided victory, as Grayslake was completely outclassed by the strong Sequoit team.

The final home game and the last game of the regular season will be Friday evening as the Sequoits entertain the Warren Blue Devils. The Antioch cagers have a season record of 19-5 and need only this last victory to end the conference slate with a perfect 13-0 record. The following Seniors will be playing their last home games for Antioch High School: Bob Bailey, Vic McGuire, Mike Gutowski, Mark Andrews, John Janosko, and Jim White.

Wendy Jensen named Outstanding Athlete

Wendy P. Jensen, 477 First Street, Antioch, is among the twenty North Central College athletes named "Outstanding College Athletes of America." Miss Jensen, a senior at North Central, was elected to the honorary fraternity as a result of her participating in volleyball at the liberal arts college.

North Central College athletic director Allen Caruis announced Miss Jensen's selection made by the board of advisors of "Outstanding College Athletes of America," an annual awards volume published to honor America's finest college athletes. Coaches and athletic directors from individual colleges and universities across the nation nominated the winning athletes on the basis of their displayed abilities, not only in athletics but also in community service and campus activities. Other criteria for selection included strength of character, leadership both on and off the playing field, and scholarship.

Miss Jensen is the daughter of Mr. and Mrs. Robert Jensen and is a 1970 graduate of Antioch Community high school. This is the second consecutive year Miss Jensen has been named to the awards volume. She has been named Most Valuable Player in

volleyball in 1971, 1972, 1973 and has served as captain of the volleyball team for three years. In addition, Miss Jensen has been nominated for the Hall of Fame, an honor for which, is she is elected, will include permanent enshrinement in the fraternity. She has not only excelled in volleyball at North Central for four years, but has also been a standout in basketball and tennis. Miss Jensen has been named Most Valuable Player in basketball in 1972-1973 and had the school's highest shooting percentage. Playing both singles and doubles on the College's tennis team, she was awarded the first Cleo Tanner scholarship award by being a leader in women's athletics and earning a grade point average of 2.8 or better.
